**Health and Safety, Environment and Quality Audits** Stephen Asbury, 2023-11-20 Internal auditing is an essential tool for managing compliance and for initiating and driving continual improvement in any organization's systematic HSEQ performance. Health and Safety, Environment and Quality Audits includes the latest health and safety, environmental and quality management system standards: ISO 9001:2015, ISO 14001:2015 and ISO 45001:2018. It delivers a powerful and proven approach to risk-based auditing of business critical risk areas using ISO or your organization's own management systems. It connects the PDCA approach to implementing management systems with auditing by focusing on the organization's context and the needs and expectations of its interested parties. The novel approach leads HSEQ professionals and senior and line managers alike to concentrate on the most significant risks: Big Rocks and Black Swans to their objectives. It provides a step-by-step route through The Audit Adventure™ to provide a high-level, future-focused audit opinion. The whole approach is aligned to the international standard guidance for auditing management systems: ISO 19011:2018. With thousands of copies now sold, this unique guide to HSEQ and operations integrity auditing has become the standard work in the field. Over four editions while securing bestseller status in Australasia, Europe, North America and South Africa. It is essential reading for senior managers and auditors alike. It remains the go-to title for those who aspire to drive a prosperous and thriving organization based on world-class HSEQ management and performance. Dr Stephen Asbury is the author of seven books on safety risk management and decision making for Taylor Francis. He is Chartered Fellow of the Institution of Occupational Safety and Health (CfIOSH), an Emeritus Professional of the American Society of Safety Professionals (ASSP) and a Fellow of the Institute of Environmental Management and Assessment (FIEMA). He has almost 40 years' experience from assignments in over sixty countries on six continents.

Ergonomics and Human Factors in Safety Management Pedro Miguel Ferreira Martins Arezes, Paulo Victor Rodrigues de Carvalho, 2016-08-19 Accident prevention is a common thread throughout every aspect of our society. However, even with the most current technological developments, keeping people safe and healthy both at workplaces and at other daily activities is still a continual challenge. When it comes to work environments, ergonomics and human factors knowledge can play an important role and therefore must be included in or be a part of the safety management as a cross-disciplinary area concerned with the understanding of actual work situations and potential variables. This multidisciplinary approach will ultimately ensure the safety, health and well-being of all collaborators. The main goal of this book is to present theories and models and to describe practices to foster and promote safer work and working environments. This book offers examples of field practices that can be reproduced in other scenarios. Applications of new methods for risk assessment. Methods on how to apply and integrate human factors and ergonomics in accident prevention and safety management. Coverage of human factors and ergonomics in safety culture. New methods for accident analysis. This

book is a compilation of contributions from invited authors organized in three main topics from eleven countries and is intended to cover specific aspects of safety and human factors management ranging from case studies to the development of theoretical models Hopefully the works presented in the book can be an inspiration for translating research into useful actions and ultimately making a relevant and tangible contribution to the safety of our daily and work settings Quality of Information and Communications Technology Antonio Vallecillo,Joost Visser,Ricardo Pérez-Castillo,2022-09-05 This book constitutes the refereed proceedings of the 15th International Conference on the Quality of Information and Communications Technology QUATIC 2022 held in Talavera de la Reina Spain in September 2022 The 18 full papers and 3 short papers were carefully reviewed and selected from 54 submissions The papers are organized in topical sections smart and advanced systems verification and validation skills and education industrial experiences and applications safety security and privacy
