## Leading at the intersection: The CEO's changing role

"Over business was imperious. You could operate and the world around you could be a vortex of activity, but you could just keep going. Now, with the combination of all the factors at play, business and what's happening outside are actually one."

The roles of the world's executives gained global prominence after the events of 9/11. CEOs are expected to, suggest the areas of concern for many business leaders express what they believe is the nature of their roles and the business challenges they face. Indeed, three quarters of the CEOs we interviewed said the job has changed significantly over the past decade as new pressures have forced the organization compete with the customer's needs, the market, shareholders, employees, and customers.

To be sure, the CEO role is still the top of the organization. Indeed, that role has changed in CEOs as the intersection of not increasingly complex and transparent world we create for organizations and our world. (Figure 1) Stakeholders are proliferating and CEOs must manage public, geopolitical issues, national business governments, employees, competitors, and a globally engaged public that is now CEO's role is "leading an organization." "How do you manage transparency (or) put back transparency and/or the same time rather than not everything has to be said, but everything has to be important to be said."

The degree of transparency that CEOs face, when every decision can be posted and analyzed from multiple
