Mission Creep Gordon Adams,Shoon Murray,2014-12-12

Mission Creep The Militarization of US Foreign Policy examines the question of whether the US Department of Defense DOD has assumed too large a role in influencing and implementing US foreign policy After the Cold War and accelerating after September 11 the United States has drawn upon the enormous resources of DOD in adjusting to the new global environment and challenges arising from terrorism Islamic radicalism insurgencies ethnic conflicts and failed states Contributors investigate and provide different perspectives on the extent to which military leaders and DOD have increased their influence and involvement in areas such as foreign aid development diplomacy policy debates and covert operations These developments are set in historical and institutional context as contributors explore the various causes for this institutional imbalance The book concludes that there has been a militarization of US foreign policy while it explores the institutional and political causes and their implications Militarization as it is used in this book does not mean that generals directly challenge civilian control over policy rather it entails a subtle phenomenon wherein the military increasingly becomes the primary actor and face of US policy abroad

Mission Creep s assessment and policy recommendations about how to rebalance the role of civilian agencies in foreign policy decision making and implementation will interest scholars and students of US foreign policy defense policy and security studies as well as policy practitioners interested in the limits and extents of militarization

Administrative Traditions B. Guy Peters,2021-02-02

Contemporary public administration reflects its historical roots as well as contemporary ideas about how the public bureaucracy should be organized and function This book argues that there are administrative traditions that have their roots centuries ago but continue to influence administrative behaviour Further within Western Europe North America and the Antipodes there are four distinctive administrative traditions Anglo American Napoleonic Germanic and Scandinavian These are not the only traditions however and the book also explores administrative traditions in Central and Eastern Europe Latin America Asia

and the Islamic world In addition the book contains a discussion of how administrative traditions of the colonial powers influenced contemporary administration in Africa and how they continue to interact with traditional forms of governance These discussions of tradition and persistence are also discussed in light of the numerous attempts to reform and change public administration Some administrative traditions have been more capable than others of resisting attempts at reform especially those associated with the New Public Management Emergency Medical Services, 2 Volumes Jane H. Brice, Theodore R. Delbridge, J. Brent Myers, 2021-11-17 The two volume Emergency Medical Services Clinical Practice and Systems Oversight delivers a thorough foundation upon which to succeed as an EMS medical director and prepare for the NAEMSP National EMS Medical Directors Course and Practicum Focusing on EMS in the real world the book offers specific management tools that will be useful in the reader's own local EMS system and provides contextual understanding of how EMS functions within the broader emergency care system at a state local and national level The two volumes offer the core knowledge trainees will need to successfully complete their training and begin their career as EMS physicians regardless of the EMS systems in use in their areas A companion website rounds out the book's offerings with audio and video clips of EMS best practice in action Readers will also benefit from the inclusion of A thorough introduction to the history of EMS An exploration of EMS airway management including procedures and challenges as well as how to manage ventilation oxygenation and breathing in patients including cases of respiratory distress Practical discussions of medical problems including the challenges posed by the undifferentiated patient altered mental status cardiac arrest and dysrhythmias seizures stroke and allergic reactions An examination of EMS systems structure and leadership *Public Prosecutors in the United States and Europe* Gwladys Gilliéron, 2014-04-14 This research examines the role of prosecutors within the United States and in Switzerland and is completed by an overview of the prosecution institutions in France and Germany The research recognizes that despite seemingly very different legal traditions and structures prosecutors in these systems are similar enough that each system might learn from the others Drawing upon the experiences of other nations this research proposes solutions to the problems identified in connection with the position and powers of public prosecutors in the United States Furthermore it outlines the problems related to the increase of prosecutorial power and the lessons the European criminal justice systems surveyed can draw from the experience in the US In terms of methodology this research not only considers formal legal provisions but also systematic structural factors academic literature and statistics revealing how the law and governing principles actually work in practice *Comparative Government and Politics* John McCormick, Rod Hague, Martin Harrop, 2019-02-08 This revised and updated edition of a core textbook one of the most well established texts in the field of comparative politics offers a comprehensive introduction to the comparison of governments and political systems helping students to understand not just the institutions and political cultures of their own countries but also those of a wide range of democracies and authoritarian regimes from around the world The book opens with an overview of key theories and methods

for studying comparative politics and moves on to a study of major institutions and themes such as the state constitutions and courts elections voters interest groups and political economy In addition two common threads run throughout the chapters in this edition the reversal of democracy and declining trust in government ensuring that the book fully accounts for the rapid developments in politics that have taken place across the world in recent times Written by a team of experienced textbook authors and featuring a range of engaging learning features this book is an essential text for undergraduate and postgraduate courses on comparative politics comparative government introduction to politics and introduction to political science New to this Edition New and extended coverage of important topics such as authoritarian states identities ethnicity and political violence A brand new chapter on political economy An engaging new page design in full colour for the first time An enhanced companion website now providing an extensive testbank of questions for lecturers Publishing alongside John McCormick s new book on Cases in Comparative Government and Politics October 2019 which offers more detailed coverage of the cases covered in this text
