Edward Lindsay Carson Mullins, University of London. Institute of Historical Research, 1968      **Swedish Naval Administration, 1521-1721** Jan Glete, 2010 This book is a long term study of organisational capabilities as parts of early modern state formation Sweden was a largely non maritime society which nevertheless maintained a large navy as part of the armed forces which created a Baltic empire Many of the resources came from the peasant society which was exploited in an entrepreneurial fashion by a highly ambitious dynasty For a long time Sweden was organisationally more advanced than its neighbours but the empire ceased to grow and finally collapsed when other Northern powers developed strong states The book provides detailed information about the strength of the navy in terms of warships equipment guns and men and it relates changes in size and structure to changes in policy      United States Naval Institute Proceedings United States Naval Institute, 1922      Proceedings of the United States Naval Institute United States Naval Institute, 1922      **Bulletin of the New York Public Library** New York Public Library, 1919 Includes its Report 1896 19      *Naval Architecture and Shipbuilding* New York Public Library, 1919      **Postmodern War** Chris Hables Gray, 2013-11-12 Postmodern War poses an urgent challenge to the ways we conceptualize and actually wage war in our high technology age Computerization and artificial intelligence have brought about a revolution in warfare spawning both increasingly powerful weapons and a rhetoric which disguises their apocalyptic potential in catch phrases like smart weapons and bloodless combat Postmodern War examines contemporary practices of war defining and critiquing trendy military doctrines hidden behind phrases like Infowar and Cyberwar the roles of those who manipulate high technology those who are manipulated by it and those who are increasingly merging with it the role of peace activists and socially responsible scientists in countering dangerous

assumptions made by a postmodern military Far from opposing technological change however Gray finds new hopes for peace in the twenty first century Provocative and far reaching in its scope the book argues that postmodern war has left us poised between the most dreadful and most utopian of alternatives we may eradicate either the human race or war itself
