

Parts Checklist

Make sure your package includes the following items:

Base

Handset

Handset cord

Line cords

AC power adapter

Telephone Jack Requirements

Wall plate

Modular telephone line jack

To use this phone, you will need an RJ11C (for a single line) or a RJ14C (for two lines) type modular phone jack, which might look like the one pictured here, installed in your home or office. If you don't have either modular jack, call your local phone company to find out how to get one installed.

VERY IMPORTANT: In order to achieve full system operation (i.e. intercom, page, etc.) Line 1 must be connected and must be common to all phones connected to the system. Only other RCA 25413, 25414, or 25415 or GE 29487 or 29488 models are compatible for full system operation. Connecting phones other than the RCA 25413, 25414, or 25415 or GE 29487 or 29488 to Line 1 may inhibit the intercom and paging operations.

For proper operation of intercom, page function, etc., **DO NOT** connect a DSL modem to Line 1.

To transfer a call from one station to another, the two stations should be connected to the same line.
