DESCRIPTION

The Apollo Process Time Indicator (Model APLPT) and Module (Model PBLPT) displays a value representing the time between a beginning and end point of a process, such as a conveyor oven.

The unit's display will update inversely in relation to the input signal frequency. As input frequency increases (increasing speeds), the APLPT/PBLPT time display decreases, indicating a reduction in the duration of process time. For example, the baking time through an oven is inversely proportional to the conveyor speed.

The APLPT/PBLPT is available in two versions: The Dotted Point version, APLPT4/PBLPT4, that has 4 digits with decimal modes that provide for decimal points; and the dash-overline display version, APLPT5/PBLPT5, which will show as its maximum value, 999-99.

The units have a feature called "moving window average". This allows one time disturbances, or irregularly spaced items to be averaged over eight input pulses, thus keeping display fluctuations to a minimum while still updating the display on every input pulse. This feature can be enabled or disabled by a side panel DIP switch.

The units can accommodate magnetic pickups, logic sensors, and NPN open collector sensors, as well as switch contact closure sensors.

These units have a self-test feature, which checks all the micro-processor and display driver circuitry at power-up (if enabled). This self-test can also be used to test display and scale multiplier select DIP switches to make certain all functions are functioning properly.

Power and input connections are made via a removable terminal strip, located at the rear of the unit. This strip can accept one #14 AWG wire. DIP switches at the side of the unit are used to program the input configuration and to set the scale multiplier value.

The Model APLPT has a sealed metal die-cast bezel which meets NEMA 4-6P65 specifications for wash-down and/or dust, when properly installed. Two mounting clips are provided for easy installation. The Model APLPT has a 0.96" high LED display, which is readable to 23 feet (7.0m).
