armed officers and a crime occurs How do I defend my company without blaming my customer Increasingly issues such as security surveys contractual indemnification and even marketing language are at the center of lawsuits concerning security practices Many organizations face security related lawsuits on an increasing basis and this book provides a much needed resource to help security professionals successfully navigate the unique nature of security related lawsuits Accessibly written for those without a law background the book assists readers through education awareness sample contract language and assessment templates offering meaningful recommendations and solutions Presents practical guidelines for security professionals involved in the prevention of security related lawsuits Demonstrates how to address real world problems not always found in case law or rules of evidence Provides a much needed resource to help security professionals successfully navigate the unique nature of security related lawsuits Offers learning aids such as sample documents and graphs that illustrate common liability issues along with documents from actual cases

Winning Personal Injury Cases Evan K. Aidman, 2011 In this book I examine every aspect of personal injury litigation from attracting new clients to jury trials and beyond The personal injury laws vary from state to state and between state and federal court Since 1983 I have been a trial lawyer in Pennsylvania and New Jersey Much of the information presented involves those experiences The law in your state may be different Nevertheless there is much uniformity throughout the states The information in this book can be used by personal injury litigants and their counsel in any state You may have to refer to local sources for the law or practice that applies to your situation

INTRODUCTION ENVIRONMENTAL CRIME TRIALS Steven C. Drielak, 2017-06-21 Obtaining an environmental crime conviction can be a daunting task for any prosecutor There are many challenges to be met and overcome all of which may impact upon the success or failure of the criminal environmental prosecution This text's focus is primarily on those issues associated with the collection and analysis of scientific evidence and other types of physical evidence that are normally associated with an environmental crime trial Specifically the book examines the environmental crime scene evidence collection issues normally associated with criminal prosecutions involving hazardous wastes and hazardous substances and their subsequent release to the environment The myriad of evidence collection and analysis issues raised here focus on the equipment procedures protocols training and documentation required in order to properly collect this unique type of criminal evidence Additionally the text provides a detailed description of the documentation that should be requested for examination by defense experts prior to the commencement of an environmental criminal trial and provides complete explanations as to their evidentiary and potentially exculpatory significance The text will also provide the environmental defense attorney with viable alternatives to the all too common environmental scientific evidence stipulations and also provides a detailed analysis of the commonly self induced vulnerabilities found in many criminal environmental prosecutions involving hazardous wastes and substances The book also includes numerous and specific cross examination questions and follow up questions for the government's technical witnesses questions that in many instances the prosecution

would rather have left unasked Armed with the knowledge provided here the environmental crimes prosecutor will be able to provide initial guidance to the investigative team that may minimize or eliminate many errors often made during the early evidence collection stage of a criminal environmental investigation For the defense attorney the book provides a consequence analysis of the potential criminal evidence collection errors committed by regulatory trained individuals and contractors who have little or no criminal evidence collection or crime scene investigation training
