

ECON0019: QUANTITATIVE ECONOMICS AND ECONOMETRICS

EMPIRICAL PROJECT 2024

Instructions

The mark for the empirical project is worth 20% of your total mark for the module.

Please follow these instructions so that we can ensure anonymity in marking and ensure compliance with UCL assessment policies. We will only be able to give you credit for your project if you follow these instructions. If the instructions are not followed, you will receive a mark of zero.

1. Please elect **one group member to submit** the project for the group.
2. **All answers must be uploaded via Moodle by 12pm on March 27, 2024.**
3. **All marking is anonymised. Do not put your name or student number or group name anywhere on your submitted answer — either in the document or in the file name.**
4. You should submit **one PDF or Word document** that includes: your answers and explanations in the main text (including tables and figures, if any), as well as **an appendix with your code** producing the results. If you use software other than Stata, you should state which programme was used. You may optionally include raw statistical output (e.g. Stata log-file) after the code but such output does not substitute for your answers and explanations.
5. Your answers should be no more than 800 words, including footnotes but excluding tables, figures, and the code appendix. You must **state the number of words** at the top of the first page of your submission.
6. Submissions will be checked for plagiarism. By submitting this assessment, you pledge your honour that you have not violated UCL's Assessment Regulations which are detailed in <https://www.ucl.ac.uk/academic-manual/chapters/chapter-6-student-casework-framework/section-9-student-academic-misconduct-procedure>, which include (but are not limited to) plagiarism, self-plagiarism, unauthorised collaboration between students, sharing my assessment with another student or third party, access another student's assessment, falsification, contract cheating, and falsification of extenuating circumstances.
7. Please make sure to allow sufficient time should problems arise with Turnitin. Check the submission inbox for confirmation that your essay has been submitted. Once your submission has been accepted you will return to the 'My Submissions' tab where you will be able to see the details of your submission. If your submission is not confirmed for some reason, or you are having issues uploading the document, get in touch with ISD (servicedesk@ucl.ac.uk) as soon as possible to figure out what the problem might be.
