Nied Grade 12 Syllabus:

Collaborative community partnerships across education settings Mariëtte P. Koen, Luiza O. De Souza, 2025-02-25
This book features chapters by scholars from various education fields specialising in sustainability. As the first volume in North West University's Community based Educational Research Series, it focuses on transforming education through a participatory approach. The authors explore quality education across early childhood, primary, secondary and higher education by examining collaborative efforts among practitioners, parents and teachers. This scholarly book provides empirical evidence on how collaborative initiatives can promote sustainable development. These initiatives encourage partnerships among community leaders, educators, learners, nongovernmental organisations, government and the private sector for lifelong learning and professional development. It highlights southern African experiences in collaborative education aligned with the United Nations sustainable development goal of achieving quality education. The book demonstrates various research designs and methods applied to educational practice from early childhood to tertiary levels through empirical research and community projects.

Sex, Sexuality and Sexual Health in Southern Africa Deevia Bhana, Mary Crewe, Peter Aggleton, 2022-07-15
This book *Sex, Sexuality and Sexual Health in Southern Africa* is structured around four major themes: gender and sexuality diversity, love, pleasure and respect, gender sexual violence and health, and sexuality, gender and sexual justice. Chapters in this book analyse sexuality in relation to recent developments in the Southern African region and what this might mean for contemporary theory, policy and practice. Sex, sexuality and sexual health are often viewed through a narrow biomedical lens, ignoring the fact that they are profoundly social and historical in character. The contributors in this book bring to light the entanglements of sexuality with respect, recognition, rights and mutual, respectful pleasure. Authors draw attention to partnerships, allyships and feminist, queer and trans coalitions in the pursuit of sexual health and justice in the region. The book will be of interest to final year undergraduate and postgraduate students, researchers and activists as well as those working in Women and Gender Studies, Critical Sexuality Studies, Sexual and Reproductive Health Development Studies, Public Health, Psychology, Education, Sociology and Anthropology.
