

BELIZE POLICE DEPARTMENT POLICE TRAINING ACADEMY

POLICE RECRUIT ENTRANCE EXAM STUDY GUIDE

In order to assist applicants in preparing for the Police's Recruit Entrance Exam the National Police Training Academy has prepared this study guide. The new recruit's Entrance Exam is designed to measure applicant's knowledge, skills and abilities necessary to be a successful Police Officer capable of policing a Modern Society.

The areas that will be tested for the entrance exam are: (1) Decision Making Skills (2) Reading Comprehension Skills (3) Math skills (4) Language Skills and (5) General Knowledge.

Each exam section is timed between 30 and 55 minutes and applicants will not be able to use calculators, dictionaries or any other form of aid during the exam. The minimum passing marking is an average of 60%.

No Law Enforcement experience is necessary to pass the entrance exam.

SECTION A

READING COMPREHENSION SKILLS

This section will measure applicant's ability to read, comprehend and interpret a passages relating to policing.

Read the following 2 passages carefully and CIRCLE the CORRECT answer for each of the question which follows the individual paragraphs.

Passage 1

Investigations at Dangriga Police Station are baffled as to the facts surrounding the death of two females whose corpses were found in separate locations along a stretch of road in a rural community outside Dangriga Town. Both bodies bore marks of violence and death seemed to have occurred within minutes of each other. The shoe prints near the bodies matched each other in size and design. The imprint of a ring on the left side of each victim breast bore the mark of a heart.

The cause of deaths, recorded by Dr. Estradaban was by asphyxia through strangulation. Both crimes appeared to have been perpetrated by the same person, who, based on a composite profile prepared by investigators, appeared to be tall and heavily built. The time of death for each was recorded as 8:17pm and 8:25pm respectively.

Despite the evidence, there seems to be no way for the same person to have committed the two homicides, based on the distance between the two locations where the bodies were found and their recorded times.
