Reconstructing Gender A Multicultural Anthology 5th Edition:

Reconstructing Gender: A Multicultural Anthology Estelle Disch, 2009 This United States focused anthology on gender focuses on women and men and the multiple identities that comprise the lives of individuals across gender Drawing from a wide range of sources including research articles essays and personal narratives Disch has chosen accessible engaging and provocative readings that represent a plurality of perspectives and experiences Eleven part introductions briefly identify important issues in the general field of study describe the readings identify the central themes emerging throughout the book and raise questions for students to consider **Reconstructing Gender**, 2000 **Gender and the Representation of Evil** Lynne Fallwell, Keira V. Williams, 2016-07-28 This edited collection examines gendered representations of evil in history the arts and literature Scholars often explore the relationships between gender sex and violence through theories of inequality violence against women and female victimization but what happens when women are the perpetrators of violent or harmful behavior How do we define evil What makes evil men seem different from evil women When women commit acts of violence or harmful behavior how are they represented differently from men How do perceptions of class race and age influence these representations How have these representations changed over time and why What purposes have gendered representations of evil served in culture and history What is the relationship between gender punishment of evil behavior and equality **Reconstructing Gender** Estelle Disch, 2006 This anthology focuses on women and men in the United States and the multiple identities that comprise the lives of individuals across gender Drawing from a wide range of sources including research articles essays and personal narratives Disch has chosen accessible engaging and provocative readings that represent a plurality of perspectives and experiences By providing this multidimensional view Disch helps students see how gender operates across numerous categories including race sexual orientation class age and disability Back cover

Matricentric Feminism: Theory, Activism, Practice. The 2nd Edition Andrea O'Reilly, 2021-04-04 The 2nd edition includes a new preface that considers how matricentric feminism in positioning mothering as a verb affords a gender neutral understanding of motherwork and allows for an appreciation of how motherwork is deeply gendered and how this may be challenged and changed through empowered mothering The book argues that the category of mother is distinct from the category of woman and that many of the problems mothers face are specific to women's role and identity as mothers Indeed mothers are oppressed under patriarchy as women and as mothers Consequently mothers need a feminism of their own one that positions mothers concerns as the starting point for a theory and politics of empowerment O'Reilly terms this new mode of feminism matricentric feminism and the book explores how it is represented and experienced in theory activism and practice **Gender in Communication** Catherine Helen Palczewski, Danielle D. McGeough, Victoria Pruin DeFrancisco, 2023-01-12 Gender in Communication A Critical Introduction embraces the full range of diverse gender identities and expressions to explore how gender influences communication as well as how communication shapes our

concepts of gender for the individual and for society at large Authors Catherine Helen Palczewski Danielle D McGeough and Victoria Pruin DeFrancisco equip readers with the critical analysis tools to form their own conclusions about the ever changing processes of gender in communication This comprehensive gender communication book is the first to extensively address the roles of religion the gendered body single sex education an institutional analysis of gender construction social construction theory and more The Fourth Edition has streamlined the text to make it more accessible to students without sacrificing the sophistication of the book s trademark intersectional approach

Matricentric Feminism Andrea O'Reilly, 2016-10-01 The book argues that the category of mother is distinct from the category of woman and that many of the problems mothers face social economic political cultural psychological and so forth are specific to women s role and identity as mothers Indeed mothers are oppressed under patriarchy as women and as mothers Consequently mothers need a feminism of their own one that positions mothers concerns as the starting point for a theory and politic of empowerment O Reilly terms this new mode of feminism matricentric feminism and the book explores how it is represented and experienced in theory activism and practice The chapter on maternal theory examines the central theoretical concepts of maternal scholarship while the chapter on activism considers the twenty first century motherhood movement Feminist mothering is likewise examined as the specific practice of matricentric feminism and this chapter discusses various theories and strategies on and for maternal empowerment Matricentric feminism is also examined in relation to the larger field of academic feminism here O Reilly persuasively shows how matricentric feminism has been marginalized in academic feminism and considers the reasons for such exclusion and how such may be challenged and changed

The Gender Knot Allan Johnson, 2014-10-19 New Third Edition The Gender Knot Allan Johnson s response to the pain and confusion that men and women experience by living with gender inequality explains what patriarchy is and isn t how it works and what gets in the way of understanding and doing something about it Johnson s simple yet powerful approach avoids the paralyzing trap of guilt blame anger and defensive denial that often results from conversations about gender This edition features Updated references data resources and examples especially in relation to issues of sexual orientation and gender identity e g gay marriage transgender cisgender A glossary of terms A new chapter What Changes and What Does Not Manhood and Violence that provides an extended analysis of the causes of men s violence as a patriarchal phenomenon

Interracial Communication Mark P. Orbe, Tina M. Harris, 2022-11-11 As the racial and ethnic landscape of the United States shifts interracial communication plays an increasingly crucial role The sociopolitical climate has impacted identities relationships media and organizations challenging the possibility of having transformative engagement about race Power differences affected by race ethnicity class gender sexuality ability age and geography are sometimes invisible Competent interracial communication is key to alleviating polarized interactions and addressing the unequal treatment of microcultures Part I of the book provides essential background including the history of race the importance of communication the development and

intersectionality of racial and ethnic identities and models and theories of interracial communication Part II applies this information to communication practices in specific everyday contexts global racial hierarchies and colorism friendships romantic relationships communication in the workplace interracial conflict and race and ethnicity in the media The concluding chapter outlines pathways to meaningful change and invites readers to become active participants in dialogue to facilitate working through differences The authors offer comprehensive readable and insightful coverage of pressing issues They focus on communication as vital to removing barriers to understanding Becoming proactive in eliminating racism on a personal level is a step toward the macrolevel changes required to dismantle systemic racism The fourth edition is a socially relevant resource for facilitating interracial dialogue to create a positive climate to work together to achieve social justice

In (M)other Words Andrea O'Reilly, 2024-04-30 Dr Andrea O'Reilly is internationally recognized as the founder of Motherhood Studies 2006 and its subfield Maternal Theory 2007 and creator of the concept of Matricentric Feminism a feminism for and about mothers 2016 and Matricritics a literary theory and practice for a reading of mother focused texts 2021 With this collection O'Reilly continues the conversation on the meaning and nature of motherhood initiated by Adrienne Rich in *Of Woman Born* close to fifty years ago In *In M other Words* O'Reilly shares 25 of her chapters and articles published between 2009-2024 to examine the oppressive and empowering dimensions of mothering and to explore motherhood as institution experience subjectivity and empowerment The collection considers the central themes and theories of motherhood studies including normative motherhood feminist mothering maternal regret matricentric pedagogy young mothers academic motherhood matricentric feminism matricritics motherhood and feminism the motherhood memoir the twenty first century motherhood movement mothers and daughters mothers and sons pandemic mothering and the motherline *Feminist Collections*, 2013

Women, Girls, and Addiction Cynthia A. Briggs, Jennifer L. Pepperell, 2009-06-19 *Women Girls and Addiction* is the first book on the efficacy of treatment approaches and interventions that are tailored to working with addicted women and the first publication of any kind to provide a feminist approach to understanding addiction from the female perspective Part one provides an overview of feminist theory and addiction counseling followed by an historical look at women and addiction Part two gives an in depth look at the biological psychological and social factors The final section presents a series of chapters spanning the lifespan which each feature age specific special issues treatment strategies interventions and commonly encountered topics *Interpreting Life* Patricia C. Burke, 2011-03-25 *Interpreting Life* depicts one Christian woman's struggle to determine her place in the home and church as the traditional roles of the 1950s gave way to the chaos created by the social movements of the 1960s and 1970s Burke's lengthy journey brought her from a state of confusion to a conscious awareness of the effects of her cohort conservative religious beliefs and close relationships on her personal and spiritual development From childhood she worshipped with a church where submission scriptures in the New Testament were taken literally and women were not allowed to participate in any public leadership roles such as leading

prayers and songs teaching adults or preaching As society changed and women gradually acquired leadership roles in other organizations these church practices became more stifling preventing many conservative women from using their God given talents Because of her marriage to a minister where she felt her family was living in a glass house it became exceedingly frustrating to adhere to traditional religious values Throughout this process their marriage relationship was repeatedly challenged but their commitment to each other and the church helped them resolve their differences and work together to reinterpret women s roles in the church Journal writing was the technique used to make sense of the contradictions and internal conflict experienced as this Christian woman attempted to remain faithful to her religious beliefs and yet develop to her full potential Excerpts from over thirty years of writing reveals the strategies Burke employed to remain positive and productive as family and church priorities took precedent over her own dreams

Youth Culture and Net Culture: Online Social Practices Dunkels, Elza, Franberg, Gun-Marie, Hallgren, Camilla, 2010-12-31 Discusses the complex relationship between technology and youth culture while outlining the details of various online social activities

Communicative Understandings of Women's Leadership Development Elesha L. Ruminski, Annette M. Holba, 2011-12-16 Communicative Understandings of Women s Leadership Development From Ceilings of Glass to Labyrinth Paths edited by Elesha L Ruminski and Annette M Holba intertwines the disciplines of communication studies leadership studies and women s studies to offer theoretical and practical reflection about women s leadership development in academic organizational and political contexts Women s leadership development exists at the intersection of consciousness raising communication competence and education to increase one s knowledge and practice of leadership which makes the weaving together of these three disciplines important Thus Communicative Understandings of Women s Leadership Development claims a space for women s leadership studies and acknowledges the paradigmatic shift from discussing women s leadership using the glass ceiling phenomenon to what Eagly and Carli 2007 identify as the labyrinth of leadership Recognizing this metaphoric shift is crucial because many women now develop leadership amid the postmodern flux of organizational change hierarchical top down systems are being eroded in lieu of transformational collaborative even improvisational leadership processes Women s leadership studies is emerging as a fruitful interdisciplinary area that reframes the debate about whether we live work and learn within a third wave feminist or post feminist context While this area might include feminist theorizing it also might not emphasize such epistemologies For this reason Ruminski and Holba s edited collection explores and highlights a variety of feminist and non feminist intersections and is thus an important and timely contribution to both marking where we are with women s leadership development in higher education and how women can further develop themselves as leaders

Inter/Cultural Communication Anastacia Kurylo, 2012-07-23 Today students are more familiar with other cultures than ever before because of the media Internet local diversity and their own travels abroad As such traditional intercultural communication textbooks which focus solely on the differences approach aren t truly effective for today s students nor for

this field's growth Using a social constructionist framework which explores how culture is constructed and produced in the moments in which it is experienced Inter Cultural Communication provides today's students with a rich understanding of how culture and communication affect and effect each other Inter Cultural Communication improves upon current textbooks in four significant ways 1 It provides a differences approach and a social constructionist approach 2 It explores the consequences of cultural moments on immediate communication and on larger scale social issues 3 It is descriptive not prescriptive of how culture is communicated and 4 It introduces intercultural topics rather than interpersonal topics Weaving multiple approaches together in order to provide students with a comprehensive understanding of and appreciation for the diversity of cultural and intercultural communication this text allows them to become more aware of their own identities and how powerful those identities can be in facilitating change both in their own lives and in the lives of others In addition the book will help students deal with unfamiliar cultures and understand those with whom they come in contact when they travel in their communities in the workplace in their home and online

Communicating Gender Diversity Victoria Pruin

DeFrancisco, Victoria Leto DeFrancisco, Catherine Helen Palczewski, 2007-06-21 The purpose behind *Communicating Gender Diversity: A Critical Approach* is not to provide any final conclusions about communicating gender Because gender is a constantly evolving concept both in terms of individuals' gender identity development and the larger culture's predominant notions of gender such absolute claims are not possible Instead the intent is to better equip readers with tools with which they can examine and make sense of the intersections of communication and gender The text covers the variety of ways in which communication of and about gender and sex enables and constrains people's intersectional identities The authors believe people are social actors and as such create meaning through their symbolic interactions Thus the book's emphasis is not on how gender influences communication but on how communication constitutes gender They also believe that people are capable of being self-reflective about communication processes and creative in generating new ways to play with symbols

What Is Psychoanalysis? Barnaby B Barratt, 2013-05-20 2020 American Board Academy of Psychoanalysis ABAPsa book award winner In a radically powerful interpretation of the human condition this book redefines the discipline of psychoanalysis by examining its fundamental assumptions about the unconscious mind the nature of personal history our sexualities and the significance of the Oedipus Complex With striking originality Barratt explains the psychoanalytic way of exploring our inner realities and criticizes many of the schools of psychoanalytic psychotherapy that emerged and prospered during the 20th century In 1912 Sigmund Freud formed a Secret Committee charged with the task of protecting and advancing his discoveries In this book Barratt argues both that this was a major mistake making the discipline more like a religious organization than a science and that this continues to infuse psychoanalytic institutes today What is Psychoanalysis takes each of the four fundamental concepts that Freud himself said were the cornerstones of his science of healing and offers a fresh and detailed re-examination of their contemporary importance Barratt's analysis demonstrates how the

profound work as well as the playfulness of psychoanalysis provides us with a critique of the ideologies that support oppression and exploitation on the social level It will be of interest to advanced students of clinical psychology or philosophy as well as psychoanalysts and psychotherapists

Middle Eastern Lives in America Amir B. Marvasti,Karyn D. McKinney,2004 The place of Middle Easterners in the racial hierarchy of the United States remains relatively unexplored in scholarly research In this book this authors present the everyday experiences of this population by specifically focusing on Arab and Iranian Americans Using focus groups and interviews respondents were asked to comment on their everyday experiences in the realms of public spaces educational settings work housing and family Through concrete descriptions and analysis of how Arab and Iranian Americans are confronted with matters of ethnic and racial inequality this work s primary aim is to debunk entrenched stereotypes by bringing to the forefront the human complexity of the Middle Eastern experience Marvasti and McKinney argue that the discrimination and exclusion faced by this group cannot be fully understood using the existing paradigm of minority majority group interactions The political tensions between the U S and various Islamic countries in the Middle East combined with the September 11th terrorist attacks have cast Arab and Iranian Americans as a unique minority group These facts have created a condition of hostility and suspicion in the daily interactions between Middle Eastern Americans and other Americans that is not faced by any other ethnic group today At the same time while there is a growing recognition in the sociological study of race and ethnicity of the so called browning of America the research literature does not address how Middle Easterners figure into this demographic shift This text will fill these general gaps in the race and ethnicity literature by making visible this minority group s everyday experiences and their strategies for coping with and resisting discrimination
