The Last Authority Oboshi Agyeno, 2023-11-25 The liberation struggle in South Africa ended apartheid and the last stronghold of colonialism in Africa This struggle attracted the support of many African countries that contributed and helped the oppressed people of South Africa towards free elections Nigeria is among

the countries in Africa that contributed some of the most significant assistance to the anti apartheid movement As democracy and majority government replaced apartheid in South Africa many young South Africans the so called born free are not aware of the contributions of Nigeria in the history of the liberation struggle The book blames this ignorance on a deliberate policy of silence by the government and media in South Africa

The Economics of Defense Industry Thomas-Durell Young,2023-10-17 This book on the economics of defence industry assesses a series of historical and contemporary case studies that consistently demonstrate the need for governments to recognise and thereafter factor the financial needs of a narrow industrial sector that is capital intensive technologically advanced and that requires a highly skilled labour force Since the end of the cold war Western governments have systematically reduced financial support to their domestic defence industry and have seemingly ignored planning and funding industrial mobilisation In all cases government policy has been to encourage industries to consolidate capacity to become financially viable in a sector that has seen diminished demand The 2022 Russian invasion of Ukraine has caused Western governments to reassess their previous assumptions Efforts to increase industrial capacity have been met with the iron laws of economics whereby businesses need to show return on investments The chapters in this volume posit that efforts to rationalise industrial capacity and innovation to meet short term financial efficiencies inevitably results in limited expensive and long delays in increased production in times of international crisis This book serves as an essential guide for academics researchers and students interested in defence economics industrial economics international relations and industrial policy The chapters in this book were originally published in various issues of Defense Security Analysis
