Phallic Critiques Routledge Revivals Masculinity And Twentieth Century Literature:

Phallic Critiques (Routledge Revivals) Peter Schwenger, 2014-10-14 *Phallic Critiques* first published in 1984 is a study of masculine styles of writing in the twentieth century an age according to Virginia Woolf when virility has become self conscious Writers who carry macho values to their extreme often subscribe to the popular feeling that writing is an effeminate activity for a real man to be engaged in Consequently they attempt to forge masculine style of writing in an effort to redeem language from its sexually suspect nature These styles reveal much about the ambiguous and paradoxical attitudes of men towards their own masculine role Peter Schwenger demonstrates the international nature of masculine styles His study ranges from such American authors as Norman Mailer Ernest Hemingway and Philip Roth to figures like Yukio Mishima Alberto Moravia and Michel Leiris This book should be of interest to students of literature

Phallic Critiques (Routledge Revivals) Peter Schwenger, 2014-10-14 *Phallic Critiques* first published in 1984 is a study of masculine styles of writing in the twentieth century an age according to Virginia Woolf when virility has become self conscious Writers who carry macho values to their extreme often subscribe to the popular feeling that writing is an effeminate activity for a real man to be engaged in Consequently they attempt to forge masculine style of writing in an effort to redeem language from its sexually suspect nature These styles reveal much about the ambiguous and paradoxical attitudes of men towards their own masculine role Peter Schwenger demonstrates the international nature of masculine styles His study ranges from such American authors as Norman Mailer Ernest Hemingway and Philip Roth to figures like Yukio Mishima Alberto Moravia and Michel Leiris This book should be of interest to students of literature

The Making of Masculinities (Routledge Revivals) Harry Brod, 2018-10-24 This book first published in 1987 is both simple in conception and ambitious in intention It aims at legitimating the new interdisciplinary field of men s studies as one of the most significant and challenging intellectual and curricular developments in academia The fourteen essays included here are drawn from such diverse disciplines as men s studies philosophy psychology sociology history anthropology Black studies biology English literature and gay studies

Routledge Revivals: Homosexuality: A Research Guide (1987) Wayne R. Dynes, 2017-02-17 First published in 1987 this book encompasses a broad range interdisciplinary research into homosexuality displaying a full spectrum of points of view and given that the major traditions of modern homosexual research began in Europe is not restricted to works in English In general topics that are densely covered in the literature are presented in this guide selectively with some less studied topics such as Economics and Music fleshed out with signposts to more comprehensive research It seeks to not only mirror existing publications but also to stimulate new work by pinpointing neglected themes and methods This book will be of interest to students of sociology

Forthcoming Books Rose Arny, 1996-10 *Anxious Men* Baldwin Clive Baldwin, 2020-03-02 Explores representations of men and masculinity in American fiction published after the Second World War Offers readings of a wide selection of postwar American novels from 1945 to the mid 1950s including canonical works

from the unique perspective of their representation of male identity Provides rich comparative insights through analysis of fiction by writers of diverse race class and sexuality Demonstrates how gender theory generates insights into the constitution of American masculinity in fiction Focusing on a complex and contentious period that was formative in shaping American society and culture in the twentieth century this book sheds new light on the ways in which fiction engaged with contemporary notions of masculinity It draws on gender theory and analysis of writers from diverse backgrounds of race class and sexuality to provide rich comparative insights into the constitution of American masculinity in fiction The extensive range of novels considered includes fresh analyses of key authors such as James Baldwin Truman Capote Patricia Highsmith Jack Kerouac Norman Mailer Ann Petry J D Salinger and Gore Vidal From the Delivered to the Dispatched Harriet Stille, 2018-10-26 From the Delivered to the Dispatched Masculinity in Modern American Fiction 1969 1977 focuses on masculinity in late twentieth century American fiction This rigorous study shows the ways post war American authors engage with the tension between capitalist consumer culture and traditional national conceptions of American manhood Drawing on examples from the works of prolific contemporary American writers Cormac McCarthy Toni Morrison and Michael Herr Stille investigates hypermasculine male violence the classical and grotesque body as well as specific regional themes such as the Western frontier the American Adam the Southern Gothic and the Suburban Gothic **The Ideology of Conduct (Routledge Revivals)** Nancy Armstrong, Leonard Tennenhouse, 2014-06-17 In *The Ideology of Conduct* first published in 1987 scholars from various fields from the medieval period to the present day discuss literature in which the sole purpose is to instruct women in how to make themselves desirable This collection investigates how middle class writers who had long emulated the behaviour of the aristocracy began to criticise that behaviour by formulating an alternative object of desire They did so without appearing to breed political controversy because it seemed to concern only the female But writing for and about women in fact became a powerful instrument of hegemony as it introduced a whole new vocabulary for social relations induced certain forms of economic behaviour as desirable in men and women respectively and insured the reproduction of the nuclear family It is argued therefore that the literature of conduct not only recorded but also assisted the production of our contemporary gender based culture **Masculinity and Place in American Literature since 1950** Vidya Ravi, 2019-05-15 American literature has long celebrated the figure of the self made man and the idea of establishing selfhood particularly male selfhood in nature However during the crisis of masculinity that swept across America in the middle of the twentieth century a generation of writers started exploring a different kind of a man This was a figure who was concerned not so much with the loss of the West or the desire to recover a wilderness but with how to live in an ordinary domesticated continent *Masculinity and Place in American Literature since 1950* explores the role of place in negotiating reinforcing and subverting articulations of hegemonic masculinity in the work of four American writers from the latter part of the 20th century John Cheever John Updike Raymond Carver and Richard Ford The book argues that American fiction by

white male writers between the 1950s and the present day is compelled by the troubled and troubling relationship between masculinity and place. This relationship is deeply embedded in how ideals of masculinity are predicated upon the experience of the physical world and how the symbolic logic of masculinity is continually subverted by alternative conceptions of dwelling and ecological consciousness.

The Routledge Companion to Masculinity in American Literature and Culture Lydia R. Cooper, 2021-12-26. Recently the U S has seen a rise in misogynistic and race based violence perpetrated by men expressing a sense of grievance from incels to alt right activists. Grounding sociological, historical, political and economic analyses of masculinity through the lens of cultural narratives in many forms and expressions, *The Routledge Companion to Masculinity in American Literature and Culture* suggests that how we examine the stories that shape us in turn shapes our understanding of our current reality and gives us language for imagining better futures. Masculinity is more than a description of traits associated with particular performances of gender. It is more than a study of gender and social power. It is an examination of the ways in which gender affects our capacity to engage ethically with each other in complex human societies. This volume offers essays from a range of established global experts in American masculinity as well as new and upcoming scholars in order to explore not just what masculinity once meant, has come to mean, and may mean in the future in the U S, it also articulates what is at stake with our conceptions of masculinity.

Masculinity in Contemporary New York Fiction Peter Ferry, 2014-08-21. *Masculinity in Contemporary New York Fiction* is an interdisciplinary study that presents masculinity as a key thematic concern in contemporary New York fiction. This study argues that New York authors do not simply depict masculinity as a social and historical construction but seek to challenge the archetypal ideals of masculinity by writing counter hegemonic narratives. Gendering canonical New York writers, namely Paul Auster, Bret Easton Ellis, and Don DeLillo, illustrates how explorations of masculinity are tied into the principal themes that have defined the American novel from its very beginning. The themes that feature in this study include the role of the novel in American society, the individual and urban society, the journey from innocence to awareness of masculinity, the archetypal image of the absent and/or patriarchal father, the impact of homosocial relations on the everyday performance of masculinity, male sexuality and the male individual, and globalization. What connects these contemporary New York writers is their employment of the one of the great figures in the history of literature, the flâneur. These authors take the flâneur from the shadows of the Manhattan streets and elevate this figure to the role of self-reflexive agent of male subjectivity through which they write counter hegemonic narratives of masculinity. This book is an essential reference for those with an interest in gender studies and contemporary American fiction.

Writing Masculinities Ben Knights, 1999. From gossip to novels, narratives provide one of the key modes in which we develop our sense of ourselves as gendered beings. The key is to explore the text in the processes through which it is read, and if we do so, we find male plots and masculine identity are more problematic than we intend to assume. Ben Knights argues that engagement with fictional texts can generate insight into how gender norms are both developed and

contested In particular he draws on contemporary work in both the social sciences and humanities to examine the performance of masculinity in contrasting fictions ranging from classic texts by D H Lawrence and Joseph Conrad to novels by John Fowles Graham Swift James Kelman David Leavitt and Ian McEwan This book will be of value to all those engaged on the study of gender and especially masculinity in literature and culture **Recreating Sexual Politics (Routledge**

Revivals) Victor Seidler, 2009-12-15 This thought provoking book first published in 1991 examines sexual politics in a world which is being radically changed by the challenges of feminism Seidler explores how men have responded to feminism and the contradictory feelings men have towards dominant forms of masculinity Seidler's stimulating and original analysis of social and political theory connects personally to everyday issues in people's lives It reflects the growing importance of sexual and personal politics within contemporary politics and culture and demonstrates clearly the challenge that feminism brings to our inherited forms of morality politics and sexuality **Masculinity and Violence in 20th Century American**

Literature Raymond Samuel Zimmerman, 1996 **Men of Their Words** Nigel Harkness, 2007 Whereas the centrality of femininity to nineteenth century French fiction has been the focus of widespread critical attention masculinity has until recently received little sustained treatment in either the literary or socio historical domains In this book Nigel Harkness uses the fiction of George Sand 1804-1876 the pre eminent woman writer of the period to explore questions of masculinity as they pertain to the nineteenth century French novel and to map out new approaches to the study of literary masculinity Drawing on contemporary theories of gender and narrative Harkness reveals how Sand's novels repeatedly focus on a nexus of language masculinity and power in which narrative is both a vehicle for the expression of manhood and a site where masculinity is discursively performed Masculinity is thus reconfigured in Sand's fiction as an identity constituted as much through words as through actions Analysis of the performances of masculinity staged in Sand's novels opens onto an exploration of gendered processes of literary representation the links between masculinity and the doxa the equation of writing and power the homosocial function of acts of narration and the masculinity of authorship and authority

Modernism and Masculinity Natalya Lusty, Julian Murphet, 2014-03-31 Modernism and Masculinity investigates the varied dimensions and manifestations of masculinity in the modernist period Thirteen essays from leading scholars reframe critical trends in modernist studies by examining distinctive features of modernist literary and cultural work through the lens of masculinity and male privilege The volume attends to masculinity as an unstable horizon of gendered ideologies subjectivities and representational practices allowing for fresh interdisciplinary treatments of celebrated and lesser known authors artists and theorists such as D H Lawrence Ezra Pound Henry Roth Theodor Adorno and Paul Robeson as well as modernist avant garde movements such as vorticism surrealism and futurism As diverse as the masculinities that were played out across the early twentieth century the approaches and arguments featured in this collection will appeal especially to scholars and students of modernist literature and culture gender studies and English literature more broadly **Anxious**

Men Clive Baldwin, 2020-04-28 Focusing on a complex and contentious period that was formative in shaping American society and culture in the twentieth century this book sheds new light on the ways in which fiction engaged with contemporary notions of masculinity *The Achilles Heel Reader (Routledge Revivals)* Victor Seidler, 2012-07-26 First published in 1991 The Achilles Heel Reader brings together key articles from Achilles Heel the path breaking and influential magazine of men's sexual politics It also includes an important introduction by the editor setting the magazine in its intellectual and historical context Achilles Heel first published in 1978 was a magazine which explored positive conceptions of masculinity and the ways in which men can change in response to the challenge of feminism It sought to persuade men to take responsibility for the power they share as men in relation to women and to use this responsibility both in their personal relationships and in challenging the political and social institutions and practices that embody such power This selection covers crucial issues in men's lives work sexuality children relationships family class sharing the experience of different masculinities and brilliantly catches the tensions and anxieties of men trying to cope with the interplay between their sexuality and their political commitments By bringing the personal and the political together The Achilles Heel Reader reconsiders basic questions of socialist theory and practice It will be of great value to students of sociology women's studies politics and cultural studies as well as those interested in feminism as part of a process of reworking socialism

Masculinism in Twentieth-century Literature Amanda Emanuel Smith, 2020* *Masculinities Without Men?* Jean Bobby Noble, 2004 In the late 20th century gender studies began to theorize female masculinity as a subject of both historical and contemporary significance and to situate it within sexuality gender and cultural studies This study maps historical similarities in fictional cultural and representational practices from 1918 to 1999

Thank you unquestionably much for downloading **Phallic Critiques Routledge Revivals Masculinity And Twentieth Century Literature**.
