Phantom Shot Eyewitnesses Solve The Jfk Assassination:

Phantom Shot Mike Majerus, Jack Nesson, 2013-10-11 For more than half a century the JFK assassination has been shrouded in mystery Many have been blamed including the CIA the Secret Service Fidel Castro the Russians the mafia right wing extremists and Lyndon Johnson The true facts have been buried for decades beneath layers of distortions and misinformation The solution to the assassination has always been right under our noses hidden in plain sight The key lies in the number of shots fired The two official U S government investigations came to different conclusions on this issue and both got it wrong In the fog of war the press got it wrong too beginning with the first bulletin sent out over the wires just minutes after the shooting A consensus groupthink soon emerged that did not reflect what really happened in Dallas Nonstop reporting of inaccurate information actually caused witnesses to change their stories about what they really saw and heard that day Phantom Shot analyzes the statements of key eyewitnesses some of which were recorded just minutes after the shooting before groupthink set in Many of these witnesses were ignored by the government investigations Their statements unravel the mystery of the assassination once and for all Phantom Shot answers these questions and many more How many shots were really fired Was there a shot from the grassy knoll Was Oswald the sole assassin Was he part of a conspiracy Was Jack Ruby sent by the mob to silence him Did J Edgar Hoover and others in the FBI know the solution to the assassination in 1964 and cover it up Why did the Warren Commission ignore the statements of key eyewitnesses

The Assassination of JFK Robert A. Wagner, 2017-03-07 The Assassination of JFK Perspectives Half a Century Later is the result of a reconciliation of widely divergent views of the assassination and who was responsible For more than fifty years the JFK assassination has ignited impassioned argument from those who believe the Warren Commission's conclusion that one man Lee Harvey Oswald acted alone in killing President John F Kennedy and those who believe that the assassination was spearheaded by the KGB Castro the mob anti Castro revolutionaries the military complex the CIA or even Kennedy's successor Lyndon Baines Johnson to name only a few The conspiracy theories are almost too numerous to list and even include the fervent belief that Kennedy's body was stolen prior to autopsy on the very evening of the assassination for the purpose of doctoring the body to frame Oswald Bob Wagner digs into the enormous record of the assassination created by two government investigations and thousands of books and articles written by investigators researchers and historians Bob describes the divergent views as being akin to two groups dividing the pieces of a jigsaw puzzle in half and attempting to produce complete pictures with their incomplete pieces Once all the puzzle pieces are organized and properly fit together however as Bob's painstaking work shows a real picture emerges and the truth comes into focus Bob thoroughly reviews the head spinning morass of fact conjecture and conspiracy theories regarding the assassination of JFK and makes them understandable to those knowing little about the assassination much less all of the conspiracy theories that abound The Assassination of JFK Perspectives Half a Century Later presents the clearest case against Arlen Specter's infamous single bullet theory while also demonstrating

why it is clear that Lee Harvey Oswald fired the only shots in Dealey Plaza on November 22 1963 Visit
