*Phasal Analysis* Karen Malcolm, 2010-12-02      **Phasal Analysis** Karen Malcolm, 2010-09-30 Offers an easily accessible specific methodology for describing the nuances of spoken and written texts of any length in meaning and manageable ways

**Audio Description** Anna Maszerowska, Anna Matamala, Pilar Orero, 2014-10-15 Audio description AD is a narrative technique which provides complementary information regarding the where who what and how of any audiovisual content It translates the visuals into words The principal function of this ad hoc narrative is to make audiovisual content available to all be it a guided city tour of Barcelona a 3D film or a Picasso painting Audio description is one of the younger siblings of Audiovisual Translation and it is epigonic to the audiovisual translation modality chosen This book is the first volume on the topic written in English and it brings together an international team of leading audio description teachers scholars and practitioners to address the basic issues regarding audio description strategies Using one stimulus Quentin Tarantino's film *Inglourious Basterds* 2009 the authors analysed what when where and how to audio describe The book is written in a collaborative effort following a bottom up approach The many issues that surfaced in the process of the analysis were grouped in broader categories represented in the ten chapters this book contains A good example of a successful international collaboration the volume sets a robust practical and theoretical framework for the many studies on audio description to come in the future Considering the structure of the individual contributions the book is not only oriented towards the identification of the challenges that await the describer but it also offers an insight into their possible solutions

**Audiovisual Translation** Yves Gambier, Sara Ramos Pinto, 2018-06-15 The exponential growth of Audiovisual Translation AVT in the last three decades has consolidated its place as an area of study within Translation Studies TS However AVT is still a young domain currently exploring a number of different lines of inquiry without a specific methodological and theoretical framework This volume discusses the advantages and drawbacks of ten approaches to AVT and highlights the potential avenues opened up by new methods Our aim is to jumpstart the discussion on the inadequacy of the methodologies imported from other disciplines and the need or not for a conceptual apparatus and framework of analysis specific to AVT This collective work relates to recent edited volumes that seek to take stock on research in AVT but it distinguishes itself from those publications by promoting links in what is now a very fragmented field Originally published as a special issue of *Target* 28 2 2016

*Systemic Functional Linguistics* Christian M.I.M. Matthiessen, Kazuhiro Teruya, 2023-07-31 This user friendly student guide is the essential resource for all those engaged in studying systemic functional linguistics SFL Assuming no prior knowledge this guide is divided into nine chapters which can be read independently of one another and used for purposes of reference The reading section maps out and mediates the key SFL literature The application guides show how SFL has been and can be applied to various domains from translation to healthcare communication The term guides demystify the core terminology and the vocabulary guides aid readers in dealing with the most commonly used terms

in text analysis Systemic Functional Linguistics is an invaluable guidebook for all those studying functional grammar and SFL within linguistics applied linguistics and related courses
