debate about the value and appeal of heterosexual romance onto new ground testing the claims of cutting edge critical theorists on everything from popular classics by Georgette Heyer to recent bodice rippers to historical fiction by John Fowles and A S Byatt Beginning with her nomination of I love you as the romance novel's defining speech act Lisa Fletcher engages closely with speech act theory and recent studies of performativity The range of texts serves to illustrate Fletcher's definition of historical romance as a fictional mode dependent on the force and familiarity of the speech act I love you and permits Fletcher to provide a detailed account of the genre's history and development in both its popular and literary manifestations Written from a feminist and anti homophobic perspective Fletcher's subtle arguments about the romantic speech act serve to demonstrate the genre's dependence on repetition Romance can only quote and the shaky ground on which the romance's heterosexual premise rests Her exploration of the subgenre of cross dressing novels is especially revealing in this regard With its deft mix of theoretical arguments and suggestive close readings Fletcher's book will appeal to specialists in genre speech act and performativity theory and gender studies

Problem Novels Anna Maria Jones, 2007 In Problem Novels Anna Maria Jones argues that far from participating invisibly in disciplinary regimes many Victorian novels articulate sophisticated theories about the role of the novel in the formation of the self In fact it is rare to find a Victorian novel in which questions about the danger or utility of novel reading are not embedded within the narrative In other words one of the stories that the Victorian novel tells over and over again is the story of what novels do to readers This story occurs in moments that call attention to the reader's engagement with the text In chapters on Wilkie Collins Anthony Trollope and George Meredith Jones examines problem novels that is novels that both narrate and invite problematic reading as part of their theorizing of cultural production Problem Novels demonstrates that these works posit a culturally embedded sensationally susceptible reader and at the same time present a methodology for critical engagement with cultural texts Thus the novels theorize paradoxically a reader who is both unconsciously interpellated and critically empowered And Jones argues it is this paradoxical construction of the unconscious critical subject that re-emerges in the theoretical paradigms of Victorian cultural studies scholarship Indeed as Problem Novels shows Victorianists' attachments to critical detective work closely resemble the sensational attachments that we assume shaped Victorian novel readers

Spanish Vampire Fiction since 1900 Abigail Lee Six, 2019-02-18 Spanish Vampire Fiction since 1900 Blood Relations as that subtitle suggests makes the case for considering Spanish vampire fiction an index of the complex relationship between intercultural phenomena and the specifics of a time place and author Supernatural beings that drink blood are found in folklore worldwide Spain included and writers ranging from the most canonical to the

most marginal have written vampire stories Spanish ones included too When they do they choose between various strategies of characterization or blend different ones together How much will they draw on conventions of the transnational corpus Are their vampires to be local or foreign alluring or repulsive pitiable or pure evil for instance Decisions like these determine the messages texts carry and when made by Spanish authors may reveal aspects of their culture with striking candidness perhaps because the fantasy premise seems to give the false sense of security that this is harmless escapism and since metaphorical meaning is implicit it is open to argument and if necessary denial Part I gives a chronological text by text appreciation of all the texts included in this volume many of them little known even to Hispanists and few if any to non Spanish Gothic scholars It also provides a plot summary and brief background on the author of each These entries are free standing and designed to be consulted for reference or read together to give a sense of the evolution of the paradigm since 1900 Part II considers the corpus comparatively first with regard to its relationship to folklore and religion and then contagion and transmission Spanish Vampire Fiction since 1900 Blood Relations will be of interest to Anglophone Gothic scholars who want to develop their knowledge of the Spanish dimension of the mode and to Hispanists who want to look at some canonical texts and authors from a new perspective but also gain an awareness of some interesting and decidedly non canonical material

Women Writing the Neo-Victorian Novel Kathleen Renk,2020-07-27 Women Writing the Neo Victorian Novel Erotic Victorians focuses on the work of British Irish and Commonwealth women writers such as A S Byatt Emma Donoghue Sarah

Waters Helen Humphreys Margaret Atwood and Ahdaf Soueif among others and their attempts to re envision the erotic Kathleen Renk argues that women writers of the neo Victorian novel are far more philosophical in their approach to representing the erotic than male writers and draw more heavily on Victorian conventions that would proscribe the graphic depiction of sexual acts thus leaving more to the reader s imagination This book addresses the following questions Why are women writers drawn to the neo Victorian genre and what does this reveal about the state of contemporary feminism How do classical and contemporary forms of the erotic play into the ways in which women writers address the Victorian woman question How exactly is the erotic used to underscore women s creative potential *Funhouse* David Kerekes, 2002 A gothic blood curdling edition of the world s greatest journal of sex religion and death Incisive and cutting edge essays from the world of underground film fanaticism crime sex art trash and sleaze Contents include A visit to the reclusive director of 70s seminal obscure horror movie Last house on Dead End Street interview with Tom Robbins whose book Another Roadside Attraction Elvis was reputed to be reading when he died and Laurence O Toole author of Pornucopia on set with gonzo pornmaker Buttman Illustrated with 20 black and white illustrations A History of European Literature Walter Cohen, 2017-01-19 Walter Cohen argues that the history of European literature and each of its standard periods can be illuminated by comparative consideration of the different literary languages within Europe and by the ties of European literature to world literature World literature is marked by recurrent systematic features outcomes of the way that language and literature are at once the products of major change and its agents Cohen tracks these features from ancient times to the present distinguishing five main overlapping stages Within that framework he shows that European literatures ongoing internal and external relationships are most visible at the level of form rather than of thematic statement or mimetic representation European literature emerges from world literature before the birth of Europe during antiquity whose Classical languages are the heirs to the complex heritage of Afro Eurasia This legacy is later transmitted by Latin to the various vernaculars The uniqueness of the process lies in the gradual displacement of the learned language by the vernacular long dominated by Romance literatures That development subsequently informs the second crucial differentiating dimension of European literature the multicontinental expansion of its languages and characteristic genres especially the novel beginning in the Renaissance This expansion ultimately results in the reintegration of European literature into world literature and thus in the creation of today s global literary system The distinctiveness of European literature is to be found in these interrelated trajectories
