Historical Dictionary of Scandinavian Literature and Theater Jan Sjøvik,2006-04-19 The literature of Scandinavia is amazingly rich and varied consisting of the works produced by the countries of Denmark Norway Sweden Finland and Iceland and stretching from the ancient Norse Sagas to the present day While much of it is unknown outside of the region some has gained worldwide popularity including the fairy tales of Hans Christian Andersen the stories of Isak Dinesen and the plays of Henrik Ibsen and August Strindberg While obviously including the area s most famous works the Historical Dictionary of Scandinavian Literature and Theater also provides information on lesser known authors and currents trends literary circles and journals and historical background This is accomplished through a list of acronyms a chronology an introductory essay a bibliography and several hundred cross referenced dictionary entries which together make this reference the most comprehensive and up to date work of its kind related to Scandinavian literature and theater available anywhere **Encircling 3** Carl Frode Tiller,2021-07-13 The Encircling Trilogy comes thundering to a close as the man at the center is revealed The final book in Carl Frode Tiller s groundbreaking Encircling Trilogy is here In Barbara Haveland s powerful translation two new letters circle closer than ever to David who allegedly lost his memory One is from Marius who has led the life of wealth and privilege that David was meant to live And yet Marius does not appreciate it desperate for attention he lies to his girlfriend with disastrous consequences The other comes from Susanne an ex lover whose affair with David led to the breakup of her marriage Humiliated by David s unflattering portrayal of her in his novel Susanne is determined to exact revenge on him in the most painful possible way Last of all we come face to face with David himself a frustrated writer whose early successes have faded His therapy sessions seem to reveal a dangerous and violent individual bent on getting what he wants at any cost With David s own story told the last piece falls into place and his true character is unveiled But as with books one and two there are twists and turns that upset expectations and leave the reader wondering whom to believe Across three books Tiller s incisive character portraits lay bare the inequalities of class and excesses of wealth in Norwegian society With Encircling 3 Aftermath Tiller sounds the unexplored depths of David s life in the culmination of this astonishing feat of psychological realism **Catalog of Copyright Entries.
