The Love of Money the Root of All Evil: a Sermon [on 1 Tim. Vi. 10]. Edward Newton JONES, 1856 **For the Love of Money Is the Root of All ???** Bishop James T. Johnson, 2021-04-15 This book speaks on the law of mindset about the principles of money that may have been instored in you from child hood or maybe not Once you read this book it will give you a better understanding of why money is not the root of evil it is your life line this book explains to you how to treat money and not to speak bad about it Money is how we live for better or for worse for richer or for poorer this book will break the curse off your mind that have been taught to you from your parents and your church most people that taught you that money was evil were the same very people who don t have any money they have made money a enemy in their lives and in yours if you do not research the truth about the love of money for yourself The Revolution of the Money-system for the Benefit of all humanity Rafael D. Kasischke, 2014-02-17 It is not only the banking crisis that has brought to light how pointless a world is in which money only leads to money and the relationship with life is lost This threat is felt by many today who ask themselves how this cycle can be broken The author of this book demonstrates that the solution does not lie in renouncing money but rather by appreciating it once again and bringing it back in sync with our inner dimension i e our heart and soul because of the symbiotic relationship that exists between the two We are tasked with dealing consciously with our money by using it in a way that considers what is really important to us education training health agriculture drinking water and the economy So that our children receive a proper education which differs from that which we know by not having profit maximization and the exploitation of man and nature as their sole objective This deep understanding is connected to a concrete and comprehensive economic program that quickly leads to visible results and brings a feel good factor to those who follow it which is better than any lucrative investment This book is a plea for a turnaround in the way we look at money If we can understand that we are the ones who create this material world through the way we think through our thoughts and intentions a new dawn will begin What is the Root of All Evil?
