Mathematical Research for Blockchain Economy Panos Pardalos,Ilias Kotsireas,Yike

Guo,William Knottenbelt,2020-10-01 This book presents the best papers from the 2nd International Conference on

Mathematical Research for Blockchain Economy MARBLE 2020 held in Vilamoura Portugal While most blockchain

conferences and forums are dedicated to business applications product development or Initial Coin Offering ICO launches

this conference focused on the mathematics behind blockchain to bridge the gap between practice and theory Blockchain

Technology has been considered as the most fundamental and revolutionising invention since the Internet Every year

thousands of blockchain projects are launched and circulated in the market and there is a tremendous wealth of blockchain

applications from finance to healthcare education media logistics and more However due to theoretical and technical barriers

most of these applications are impractical for use in a real world business context The papers in this book reveal the

challenges and limitations such as scalability latency privacy and security and showcase solutions and developments to

overcome them *Linking Smallholder Producers to Modern Agri-Food Chains: Case Studies from South Asia, Southeast*

Asia and China Vijay Paul Sharma,Bill Vorley,Jikun Huang,Abid Qaiyum Suleri,Larry Digal,Thomas A. Reardon,2013-05-05

This publication examines the processes and impact of market restructuring through comparative in depth empirical case

studies in selected Asian countries namely China India Indonesia Philippines Sri Lanka and Thailand These countries

represent both a broad geographic coverage and a range of stages of market concentration in the region The country papers

address important questions such as what determines the participation of producers in different channels what is the impact

of farmer participation on incomes and what institutional technological economic and other reforms are necessary to

enhance their effective participation in the emerging and restructuring markets The case studies attempt to identify major

factors that affect smallholder producers access to output markets input markets e g seeds fertilizers agrochemicals

technology and services such as credit extension insurance Each case study has tried to analyse one specific innovation and

these innovations are specific arrangements built on public policies business initiatives collective group action by small scale

producers etc that appear to have played a positive role in supporting greater inclusion The studies aim to derive models strategies and policy principles to guide public and private sector players in promoting greater participation of small scale producers in dynamic markets
