The Foreign Office Mind T. G. Otte, 2013-08-22 With this pioneering approach to the study of international history T G Otte reconstructs the underlying principles like perceptions and unspoken assumptions that shaped British foreign policy between the death of Palmerston and the outbreak of the First World War Grounded in a wide range of public and private archival sources and drawing on sociological insights *The Foreign Office Mind* presents a comprehensive analysis of the foreign service as a knowledge based organization rooted in the social and educational background of the diplomatic elite and the broader political social and cultural fabric of Victorian and Edwardian Britain The book charts how the collective mindset of successive generations of professional diplomats evolved and reacted to and shaped changes in international relations during the second half of the nineteenth century including the balance of power and arms races the origins of appeasement and the causes of the First World War Hearings United States. Congress. House. Committee on Post Office and Civil Service, *The Young Woman's Journal*, 1908 **Letters and Papers from Prison** Dietrich Bonhoeffer, Isabel Best, John W. de Gruchy, Lisa E. Dahill, 2010-06-01 Despite Dietrich Bonhoeffer's earlier theological achievements and writings it was his correspondence and notes from prison that electrified the postwar world six years after his death in 1945 The materials gathered and selected by his friend Eberhard Bethge in *Letters and Papers from Prison* not only brought Bonhoeffer to a wide and appreciative readership especially in North America they also introduced to a broad readership his novel and exciting ideas of religionless Christianity his open and honest theological appraisal of Christian doctrines and his sturdy if sorely tried faith in face of uncertainty and doubt This splendid volume in many ways the capstone of the Dietrich Bonhoeffer Works is the first unabridged collection of Bonhoeffer's 1943-1945 prison letters and theological writings Here are over 200 documents that include extensive correspondence with his family and Eberhard Bethge much of it in English for the first time as well as his theological notes and his prison poems The volume offers an illuminating introduction by editor John de Gruchy and an historical Afterword by the editors of the original German volume Christian Gremmels Eberhard Bethge and Renate Bethge Woman's World, 1911 Decisions and Orders of the National Labor Relations Board United States. Committee on Appropriations. Subcommittee on Departments of Treasury, and Post Office, and Executive Office Appropriations, 1951 *An End to this Strife* Demetrius K. Williams, Williams's important work argues that taking the New Testament and particularly Galatians 3:28 seriously should lead black churches to challenge sexism and racism not only in society at large but also in African American churches and denominational bodies By addressing oppressive practices in African American and other churches they remain true to the liberation principle of the Bible the equality of all people before God which has been used effectively by black churches His argument unfolds first through looking at the biblical text especially the figure of Jesus and his ministry and how he broke

the social barriers of his day It then shows how African American Christians have historically appropriated this lens and legacy in their own religious and social experience and explains how this vision pertains to the state of black women in the churches today Williams s book will help all Christian churches reappropriate the biblical text and serve as a model for how the Bible can be responsibly employed in the churches and the public arena to promote equality for all people **The**
