British Playwrights, 1956-1995 William W. Demastes, 1996-10-23 The year 1956 marked a point when British drama and theater fell into the hands of a group of young playwrights who revolutionized the stage During that time playwrights such as Samuel Beckett and Harold Pinter made the British theater as rich varied and vital as any national theater in history This reference chronicles the history of British theater from 1956 to 1995 by providing detailed information about the playwrights of that period Included are entries for some three dozen British playwrights active between 1956 and 1995 Entries are arranged alphabetically to facilitate use Each entry supplies biographical information the production history for particular plays a survey of the playwright s critical reception an assessment of the dramatist s work and primary and secondary bibliographies A selected general bibliography at the end of the volume directs the reader to important sources of additional information about this period in theater history **Beckett Sans Frontières** Minako Okamuro, 2008 SBT A 19 features selected papers from the Borderless Beckett Beckett sans fronti res Symposium held in Tokyo at Waseda University in 2006 The essays penned by eminent and young scholars from around the world examine the many ways Beckett s art crosses borders coupling reality and dream life and death as in Japanese Noh drama or transgressing distinctions between limits and limitlessness humans animals virtual bodies and stones French and English words and silence and the received frameworks of philosophy and aesthetics The highlight of the volume is the contribution by Nobel Laureate J M Coetzee the special guest of the Symposium His article entitled Eight Ways of Looking at Samuel Beckett introduces a variety of novel approaches to Beckett ranging from a comparative analysis of his work and Melville s Moby Dick to a biographical observation concerning Beckett s application for a lectureship at a South African university Other highlights include innovative essays by the plenary speakers and panelists Enoch Brater Mary Bryden Bruno Cl ment Steven Connor S E Gontarski Evelyne Grossman and Angela Moorjani and an illuminating section on Beckett s television dramas The Borderless Beckett volume renews our awareness of the admirable quality and wide range of approaches that characterize Beckett studies Radio Drama Tim Crook, 2002-01-04 Radio Drama brings together the practical skills needed for radio drams such as directing writing and sound design with media history and communication theory Challenging the belief that sound drama is a blind medium Radio

Drama shows how experimentation in radio narrative has blurred the dividing line between fiction and reality in modern media Using extracts from scripts and analysing radio broadcasts from America Britain Canada and Australia the book explores the practicalities of producing drama for radio Tim Crook illustrates how far radio drama has developed since the first audiophonic production and evaluates the future of radio drama in the age of live phone ins and immediate access to programmes on the Internet

The Broken Window Jane Alison Hale, 1987 The author defines and analyzes the new type of theatrical perspective invented by Samuel Beckett She begins with an overview of the changes of the definition of twentieth century knowledge e g art science philosophy and psychology then discusses the concepts of time space and movement which underlie Beckett's notion and use of perspective in the theater The Broken Window shows how Beckett translates a number of twentieth century aesthetic and philosophical concerns the impossibility of separating subject and object the indeterminacy of time and space the inevitability of movement and change into specific dramatic techniques and traces their evolution through close textual analyses of six plays Hale is the first critic to define Beckett's theatrical techniques in terms of the notion of perspective and to link them to similar innovations in the plastic arts In addition no critic has so exhaustively elaborated Beckett's premises of indeterminacy the inevitability of perception and the breakdown of the subject object relationship

Beckett after Wittgenstein Andre Furlani, 2015-11-30 Among the best represented authors in Samuel Beckett's library was Ludwig Wittgenstein yet the philosopher's relevance to the Nobel laureate's work is scarcely acknowledged and seldom elucidated Beckett after Wittgenstein is the first book to examine Beckett's formative encounters with and profound affinities to Wittgenstein's thought style and character While a number of influential critics including the philosopher Alain Badiou have discerned a transition in Beckett's work beginning in the late 1950s Furlani is the first to identify and clarify how this change occurs in conjunction with the writer's sustained engagement with Wittgenstein's thought on for example language cognition subjectivity alterity temporality belief hermeneutics logic and perception Drawing on a wealth of Beckett's archival materials much of it unpublished Furlani's study reveals the extent to which Wittgenstein fostered Beckett's views and emboldened his purposes

Samuel Beckett and Cultural Nationalism Shane Weller, 2021-06-24 Drawing on evidence from his published works manuscripts and correspondence Samuel Beckett and Cultural Nationalism explores Beckett's engagement with the theme of cultural nationalism throughout his writing life revealing the various ways in which he sought to challenge culturally nationalist conceptions of art and literature while never embracing a cosmopolitan approach The Element shows how in his pre Second World War writings Beckett sought openly to mock Irish nationalist ideas of culture and language but that in so doing he failed to avoid what he himself described as a clot of prejudices In his post war works in French and English however following time spent in Nazi Germany in 1936-7 as well as in the French Resistance during the Second World War Beckett began to take a new approach to ideas of national cultural affiliation at the heart of which was a conception of the human as a citizen of nowhere
