

Persuasive Essay on High Schools

Imagine that you are a high school student. Everyday, you eat lunch with your friends at the fast food place near your school. You order your usual double cheeseburger with French fries and go to sit down with your friends. They're standing by the wall, waiting for another group to get up so you can sit at your usual table by the vending machine. Ten minutes go by before the group finally leaves. When you sit down and look at your cell phone, you realize that you have only three minutes to get to class! You scarf down your double cheeseburger and manage to squeeze in a few French fries before you hastily start for the door.

You try to put on your fleece, it's a rather blustery day, but it won't zipper up all the way and fits you much more snugly than it used to. Now you have a mere two minutes to cross the street and race up the stairs through the throng of students. When you finally get to class, the late bell has already rung and you're out of breath. Your teacher decides that taking 5 off your essay due today is reasonable punishment, not that he believes you will ever get an A anyways. I am writing this essay to express my opinion on closing down the fast food restaurant that recently opened across from my school. My opinion is it should be shut down. I believe the way I do because students return late from lunch, fast food is extremely unhealthy, and not all students can fit in at once.

Developing Creative Thinking to Improve Academic Writing Azza Abugharsa PhD, 2018-05-08
Developing Creative Thinking to Improve Academic Writing Part Two Advanced Level textbook helps enhancing lateral thinking within the given contextual frame in order to promote students intellectual challenge to produce a comprehensive understanding about the topic This facilitates flexible thinking required to write academic assignments in which arguments are presented for thorough analysis Since rigid judgments can lead to fossilized views it is recommended to emphasize the concept that all opinions are correct from the points of view of their holders In this regard this book helps college students practice improving their triangular thinking skills which emphasize evaluation of all the aspects of the topic in an equal pattern Furthermore this book is useful for ESL college students as well as native speakers of English as it reinforces transformational learning principles which highlight education by inspiration rather than information Such a strategy can motivate the students to become more creative more practical and more resourceful and enable them to transform their learning related thinking abilities and attitudes in order to come to a better understanding of themselves and the world

Feather Boas, Black Hoodies, and John Deere Hats Joseph R. Jones, 2017-12-05 In Feather Boas Black Hoodies and John Deere Hats Jones once again challenges our beliefs about difference and acceptance As one reviewer writes through a series of rich narratives Jones provides examples of attitudes experiences and institutional acts that continue to propagate the marginalization of people in our communities Intertwined within these stories are thoughtfully selected ideas to help us understand that embracing difference and not merely respecting it can be the catalyst for real change in all of us The book engenders a dialogic space for individuals to grapple with the idea of difference and the importance of inclusion in educational environments and by extension broader society
