Mentoring, Learning and Assessment in Clinical Practice Ci Ci Stuart,2013-07-10 This is a how to do it practice centred book providing workable educational strategies to assist busy practitioners supervise and support the learning and assessment of learners during clinical placements to achieve valid and reliable assessments All strategies are underpinned by a solid theoretical and evidence base The complexity and challenges of mentoring learning and assessing in the clinical setting are specifically addressed particular focus on the management of the non achieving and failing student with reference to extensive recent work on mentoring learning and assessment of clinical practice critical exploration of professional accountability and associated legal ramifications surrounding learning

and assessment of clinical practice detailed consideration of how to use a model for learning from experience as a framework to facilitate experience based learning extensive reference to the legislation standards and guidelines on pre registration health care education published by the Nursing and Midwifery Council NMC and the Health and Care Professions Council HCPC additional material on the monitoring and assessment of professional conduct and behaviours direct reference to the mentoring and assessment of health care students in professions regulated by the Health and Care Professions Council HCPC reference to the Disability Act of 2010 and more detailed discussion on how to meet the needs of students with special needs in particular students with dyslexia new appendix providing a comprehensive list of professional behaviours for assessment

Mentoring in Nursing and Healthcare Kate Kilgallon, Janet Thompson, 2012-02-21 Mentoring in Nursing and Healthcare is a practical interactive resource that promotes active participation and enhances a deeper level of understanding of mentorship It explores what is meant by the process of mentoring addresses what a mentor is what the role entails and gives practical help on teaching and assessing students in clinical practice Written primarily for mentors this book offers a range of theoretical and practical activities and resources that are enhanced by online learning resources Each chapter focuses on a different aspect of mentorship including The role of mentorship The mentor student relationship The mentor as teacher Experiential learning and reflective practice Learning styles and teaching theories The mentor as assessor Competence and capability Health improvement Career development A core text for mentor preparation and mentor update courses in nursing and allied health Mentoring in Nursing and Healthcare is an essential guide that supports learning and ongoing professional development Key Features Includes not only the latest and most up to date NMC standards but also the Health and Care Professions Council s standards of proficiency Accessible and practice oriented with case studies reflective exercises and activities throughout Has a strong focus on assessment skills Supported by interactive online resources that include test yourself questions multiple choice questions web links PowerPoint slides case studies and activities at www.wiley.com/go/mentoring

Children's and Young People's Nursing in Practice Valerie Coleman, Lynda Smith, Maureen Bradshaw, 2006-09-28 This innovative textbook uses a problem based learning PBL approach to cover content that is most common to child branch nursing courses The evidence based PBL triggers are grounded in the reality of everyday contemporary nursing practice and readers are engaged in an active learning process in order to develop key skills for clinical practice and life long learning The book features individual chapters focusing on the different care environments that student nurses experience when caring for children young people and families within health and social care It is not necessary for readers to be undertaking a PBL structured course in order to use and benefit from this text Successful Practice Learning for Nursing Students Kath Sharples, 2011-06-02 Pre registration student nurses spend 50% of their training in practice which provides a wealth of opportunities to develop their knowledge and skills However many new students find themselves in a clinical environment which is foreign and confusing The new edition of this popular book

formerly Learning to Learn in Nursing Practice helps nursing students prepare for their practice learning experiences and get the most out of them in order to achieve the required standards This book is first and foremost a practical guide for students on developing learning skills during their practice experiences **Professional Perspectives in Health Care**

Carol Wilkinson,2007-09-27 Professional Perspectives in Health Care covers a broad range of healthcare issues such as confidentiality the patient as consumer and interprofessional working It examines the latest developments and international perspectives on working in healthcare and encourages a critical appreciation of current debates on the professional agenda

A Handbook for Student Nurses, 201819 edition Wendy Benbow,Gill Jordan,2018-08-08 A Handbook for Student Nurses provides an introduction to the essential background knowledge that pre registration nursing students need as a foundation for their training It covers the core of first year nursing studies Legal and professional issues Communication Values and health care ethics Reflection and personal development Evidence based practice Study skills Medicine IV fluid and drug administration Case studies and examples activities and reflection points all aid learning while references to legislation key documents and reports and website links to relevant organisations provide easy access to core information A Handbook for Student Nurses is widely recommended in institutions across the UK and is essential reading for new students This 2018 19 edition incorporates the latest developments in the health service and references have also been comprehensively updated WHAT STUDENTS AND LECTURERS THINK ABOUT THIS BOOK an invaluable resource and a daily accompaniment for lectures I take it into my second year with the knowledge that I have a great reference book I can reflect on throughout my years of training I found this to be an excellent resource and I feel students new to the profession would find it extremely useful The book is well organised highly readable and accessible An excellent introductory text for student nurses written in a clear and illuminative style An excellent textbook that provides up to date and relevant information for pre and post registration nursing students This is an excellent book full of relevant information for student nurses **Handbook of**

Quality Assurance for University Teaching Roger Ellis,Elaine Hogard,2018-07-03 This practical and authoritative handbook provides a comprehensive overview of the issues and approaches to assuring quality in university teaching Including contributions from major international figures the book contains a wealth of ideas and practical advice to help universities commit to quality in teaching and offers insights into how the topics raised can be directly applied The book initially identifies some of the key issues surrounding the topic such as the evidence based identification of teaching quality the training of university lecturers and faculty external and internal quality assurance the tension between professional autonomy and governmental regulation and the involvement of students in developing quality It then moves on to present ideas and initiatives to address these problems tackling the subject through four sections Assuring Quality questioning what quality assurance means and how it might be practised Identifying Quality examining what knowledge exists at present and how it might be further researched Developing Quality investigating the development of staff through teacher training and

appraisal Case Studies of Quality Assurance reviewing six case studies of quality assurance in a range of contrasting subjects including the professional subjects of Medicine Nursing and Teacher Training which are also addressed systemically in the first section Full of practical advice Handbook of Quality Assurance for University Teaching is an invaluable and unique resource for Faculty Subject Leaders University Administrators and Quality Assessors **Global Midwifery Mentorship**

Elaine Jefford, Lyn Ebert, 2025-09-22 The book begins by exploring the history of mentoring and its relationship to education and practice Theories and models of mentorship education and leadership within the context of midwifery will be discussed along with the importance of critical thinking and reflection The editors use the lens of global mentoring to focus on how mentoring in midwifery has developed and been implemented in 15 countries from North and Central America Europe Asia Africa and Australasia Each chapter explores regulation professional accountability education leadership and career pathways in the country in question This international text draws on the perspectives of Australian mentors mentees healthcare organisations and academics to highlight the complexities of mentorship in real work midwifery practice and includes a chapter discussing how to take cultural considerations into question The final chapters draw on the previous discussion to make recommendations that will support midwifery to implement and sustain a successful and supportive mentorship program for the next generation of midwives In this book authors often refer to midwives as women to reflect the gendered nature of subordination of midwifery While most midwives globally are women providing care to women not all midwives in Mexico or globally identify as women We acknowledge and celebrate the diverse identities of midwives as this is the best way to build an environment that guarantees enabling sexual and reproductive care for all people who need midwives Further the term First Nations which is used is a collective term that refers to Indigenous Australian and Aboriginal and Torres Strait Islander peoples of Australia First Nations peoples will refer to themselves by any of these terms and may also identify through language groups This term is used in acknowledgement that First Nations peoples have the right of self determination to identify however they choose to do so This book is an invaluable read for midwifery students educators and practitioners **Facilitating learning in practice** The Open University, This 24 hour free course explored the principles and best practices underpinning the mentorship of nurses in order to develop mentorship skills **Adult Nursing at a Glance** Andrée le May, 2015-02-23 Everything you need to know about Adult Nursing at a Glance Adult Nursing at a Glance is the perfect companion for study and revision for Adult Nursing students from the publishers of the market leading at a Glance series This title blends up to date evidence and essential knowledge from expert experience of nursing practice research and teaching in an easy to follow guide for student and newly qualified nurses Adult Nursing at a Glance covers the essential components of excellent nursing highlighting the skills that all students need to develop from the outset of their studies and encompassing organisational and leadership skills With an emphasis on patient care and dignity this title is the perfect guide to healthcare delivery management and professional development Follows a simple structure

based around systems of the body for quick access to information with the most common disorders of these systems Is accompanied by a comprehensive companion website with self testing features Ward and Primary Care covered throughout the text Contains all the information you need to provide the best patient care including care planning symptom control communication and health promotion This title is also available as a mobile App from MedHand Mobile Libraries Buy it now from iTunes Google Play or the MedHand Store **The Nurse Mentor And Reviewer Update Book** Murray, Cyril,Rosen, Lyn,Staniland, Karen,2010-06-01 A resource for anyone working as a nurse mentor and looking for guidance on how to stay up to date this practical guide explains the ins and outs of competence and is designed to help you judge competence in line with NMC standards **Assessment, Supervision and Support in Clinical Practice** Ci Ci Stuart,2007-01-01 A book for all the mentors and assessors of clinical practice in the nursing and midwifery professions who have the crucial task of ensuring that the clinical practice of students attains the standards required for professional registration *The Practitioner as Teacher - Updated Edition* Brian Dolan,Sue Hinchliff,2017-04-20 Mentors for student nurses and newly registered nurses will welcome the revised fourth edition of this trusted handbook on how to teach others peers students patients and relatives It is written in a user friendly style talking through strategies with the reader This is a practical How to guide rather than an academic treatise with particular emphasis on the use of competencies Learning objectives begin each chapter Sets teaching within the context of nursing and education Aids the teaching of reflective practice Activities and exercises reinforce learning Cartoons illustrate significant points Kirkpatrick evaluation model Competency based practice SCARF Status Certainty Autonomy Relatedness and Fairness in education Revalidation with the NMC Accreditation of Prior Experiential Learning APEL
