Personnel Specialist North Star Guide:

Labour, Unions and Politics under the North Star Mary Hilson, Silke Neunsinger, Iben Vyff, 2017-05-01 Denmark
Finland Iceland Norway and Sweden today all enjoy a reputation for strong labour movements which in turn are widely seen as part of a distinctive regional approach to politics collective bargaining and welfare But as this volume demonstrates narratives of the so called Nordic model can obscure the fact that experiences of work and the fortunes of organized labour have varied widely throughout the region and across different historical periods Together the essays collected here represent an ambitious intervention in labour historiography and European history exploring themes such as work unions politics and migration from the early modern period to the twenty first century

The Mindful Teacher's Toolkit Kevin Hawkins, Amy Burke, 2021-09-22 Do you want to help your students develop their social and emotional skills Do you want to help build a whole school approach to mindfulness and wellbeing The Mindful Teacher's Toolkit gives you clear directions to develop mindful practices and ideas for how to integrate these into your teaching The book contains detailed guidance on how to work with different age groups from 4 18 years and looks at whole school approaches through specific subject areas and implementation strategies Designed so that you can dip into each chapter all of the activities are adaptable by language tone and content so that you can apply and personalise them to your teaching The combination of expert advice teaching tips reflections activities and real life examples provides you with everything you need to be able to develop your own mindful classroom and contribute to improving wellbeing in your school community

Resources in Education , 1997-05 The Enduring Enterprise Devin DeCiantis, Ivan Lansberg, 2024-11-26 Family businesses thrive in some of the world's toughest environments providing vital lessons for businesses everywhere The bulk of the world's growth in population and economic activity in the foreseeable future will be generated in the developing world This is precisely where enterprising families dominate operating very differently than their peers in more stable and affluent nations These businesses not only survive but actually thrive in turbulent times enduring wars lawlessness market failures environmental disasters and more The world's most advanced economies will increasingly experience these types of structural shocks and chronic uncertainties in the years ahead The question is what can they do about it In The Enduring Enterprise Devin DeCiantis and Ivan Lansberg bring readers into the lives of families operating in emerging and frontier economies who rely on a unique portfolio of stabilizing strategies to create islands of trust resilience and prosperity amidst persistent turmoil Yet these tactics can also be deployed by any business coping with extended periods of volatility or building a more systematic approach to managing risk Drawing on real cases from around the world and on their extensive research and consulting experience with family enterprises globally The Enduring Enterprise will provide business leaders everywhere with new and useful adaptive strategies proven to work in the toughest conditions to help them face the world of greater uncertainty that lies ahead

Personal Computing , 1984 **My Life in Theory** Leo Rangell, 2021-04-20 This is a rare autobiographical history written from the center of the

inner circle of psychoanalysis Today only a few psychoanalysts remain who have Dr Rangell's unique insider's view of the last half century of psychoanalytic history His close associations with the major contributors to theory during this time permit him to chronicle the constant marriage of people and ideas that has been the hallmark of the psychoanalytic community over the previous decades His insights are enhanced by his leadership role across the spectrum of psychoanalytic organizations local national and international that has allowed him to witness and participate in the great debates of our time Written as Dr Rangell approached the age of 90 this chronicle possesses the same clarity and incisiveness that has always characterized Rangell's writing He is still the tough minded thinker ready to challenge the fuzzy thinking that threatens to split psychoanalysis into factions In this work Dr Rangell gives us his valuable perspective on the significant individuals in psychoanalysis and their ideas from the early dissension of the 20s and 30s to the war years to the golden years of the 50s and early 60s where complications in the field manifested in the splitting of Institutes He goes on to cover the turmoil surrounding the theoretical debates of the 70s followed by his look at the attempt at pluralism in the 80s the eclecticism of the 90s and finishing with a discussion of the discipline as it is now Then using his own prodigious contributions to the great debates of our time Dr Rangell fuses divisive views into a unitary theory of psychoanalysis This composite theory offers an amalgamated view that provides coherence in place of the fragmentation personal warring and disarray that constitutes the present state of psychoanalysis
