

DOGS MAKE THE BEST PETS

When it comes to pets, dogs are most certainly the best choice. They are loyal, affectionate and active companions. No other choice of pet can compete with a dog.

Firstly, dogs are incredibly loyal companions. They see themselves as a part of the family and will always be there for you, no matter what happens. Secondly, dogs are extremely affectionate animals. No other animal can show their love when you arrive home at the end of the day quite like a dog can. Thirdly, dogs are very active. This means that you can always keep fit and healthy, taking your dog for walks and playing games together.

For these reasons, it is clear that dogs make the best pets. Other animals might have some good qualities, but dogs are the most loyal, affectionate and active companions of them all.

Right My College Application Essay Christine Gacharna, 2023-05-12 The college application essay uses a completely different rhetorical mode from the typical five point essays high schoolers are used to writing, and that's the catch. 22 most students won't learn about rhetorical modes and organizational methods until their undergraduate English courses. Only first you have to get in. In this post COVID era, many colleges and universities have made standardized test scores optional for admission, which puts even more pressure on students to write an essay that separates them from others in a sea of highly qualified applicants. *Right My College Application Essay* bridges the gap between high school English lit and academic writing at the undergraduate level, starting with the college application essay. This step by step guide uses powerful visuals, easy to follow instructions, and sample student essays to guide students in writing, organizing, and polishing a college application essay that weaves in personal variables to help make them jump off the page. Award winning writer, newspaper editor, former lead faculty, and English communications instructor Christine Gacharna spent six years teaching undergraduate writing courses and streamlining the evaluation and assessment of student writing for her faculty peers. In this workbook, she shares her radically effective trademarked system of *Communicate, Navigate, Punctuate* to transform anxiety into a stress free path to crafting a college application essay that helps high school seniors sell themselves to admissions officers, land acceptance letters, and earn scholarship offers to help them achieve their undergraduate dreams.
