

The best sport in the whole world is soccer. This essay will argue why soccer is the best sport in the whole world. The three reasons why soccer is the best sport because soccer players don't need to have as much physical strength as football players. Soccer players can use more foot movements and creativity, it's good team-bonding because of how much you have to rely on your teammates throughout the whole game, and it's inclusive to all genders.

First and foremost, soccer is the best sport because soccer players don't need to have as much physical strength as football players. Soccer players can use more foot movements and creativity. You can start off at a really young age, always learning new feet techniques that will increase your success in a game. The way your feet move will control the way the ball moves. The feeling of your first score will always be thrilling. This means that compared to other sports soccer is more flexible with creativity and skill.

Secondly, soccer is a good way for team-bonding. Do you have a group of people that you don't get along with too well? Playing soccer can help you get through the tension, and show you that even if you don't get along too well, you can work on it through soccer. It's about coordination and good team work. Success comes with those who work together. When you are out on the field with your teammates, you have to have like a sixth sense. Where you will know when and at what moment one person is going to pass the ball, strong eye contact and communication with actually talking. These examples show how soccer is more team building than other sports.

Lastly, soccer is inclusive to all genders, it doesn't care if you're a girl, boy or trans. You don't have to be "masculine" to be successful as a soccer player, you can be just as good as a male or even better. Soccer doesn't care if you have abs, or muscular biceps. Physical features don't deter someone. You determine your own strength and creativity when you are practicing, and when you are playing a game. It's about you, your skills, and your teammates to work together. Which means that unlike other sports like football, soccer is inclusive to everyone.

In conclusion, soccer is the best sport in the world because it is based on creativity and skill, not physical strength, it is a great sport that brings people together, and it is a sport that will not care whether you are male or female. Soccer will be your escape from your daily life, and will give a passion to strive for success, no matter what.

BOOK JACKET The Critical Writer Joyce Armstrong Carroll, Edward E. Wilson, 2014-04-17 High quality original writing doesn't happen by accident; it results from a logical inquiry based process. Educators will be able to apply the concepts and techniques in this book to help their students master the critical writing process. Many students tremble at the mere thought of the dreaded research paper when in fact the inquiry process that should be applied for a writing project should be an engaging and exciting mental activity. This work explains how teachers and librarians can guide the critical writing process to go hand in hand with inquiry and produce logical and carefully honed papers. The Critical Writer Inquiry and the Writing Process starts with a general treatment of inquiry to detailed coverage of specific teaching strategies explaining how critical writers should make the proper emendations during prewriting and while drafting as well as during the revising process. The book presents fresh information and teaching techniques that can be applied by anyone in the field of education with students of any grade level; examples from kindergarten through instructors in teacher training are included.
