Conquérir le marché des baby-boomers Frédéric Serrière, 2006

Les enfants dans la littérature française du Moyen Âge Jens N. Faaborg, 1997 This book paints a picture of the position of French children in the Middle Ages supported by a large number of quotations from historical French documents Several domains of children's lives are touched upon for instance baptism mortality clothing and punishment leading to a discussion of the role of the children in the family as well as in society The children not being the central theme of the documents themselves are nevertheless in the author's opinion the main concern of this book though often considered small grown ups by society the world usually regarded them as what they were children
