The Status of the War and Political Developments in Iraq United States. Congress. House. Committee on Armed Services, David Howell Petraeus, 2008 *Iraq's Insurgency and the Road to Civil Conflict* Anthony H. Cordesman, Emma R. Davies, 2007-12-30 The war in Iraq has expanded from a struggle between Coalition forces and the remnants of former regime loyalists to a multi faceted conflict involving numerous Sunni groups Shi ite militias Kurdish nationals and foreign jihadists Iraq s Insurgency and the Road to Civil Conflict is Anthony Cordesman s latest assessment of the Iraqi conflict and documents its entire evolution from the history of ethnic tensions through the current U S surge He identifies each actor in the arena analyzes their motivations and presents a detailed record of their actions tactics and capabilities Cordesman s exhaustive study based on meticulous research is the most thorough account of the war to date Beginning with the consequences of imperial colonialism and touching upon the ethnic tensions throughout Saddam s regime Cordesman examines and details the confluence of forces and events that have paved the way toward Iraq s current civil conflict He analyzes major turning points including elections economic developments and key incidents of violence that continue to shape the war Finally he outlines the lessons learned from this history and what can and cannot be done to stabilize the nation

Assessment of the administration's September report on the status of U.S. political and military efforts in Iraq United States. Congress. House. Committee on Foreign Affairs, 2007 *David Petraeus* Leanne K. Currie-McGhee, 2011-10-24 The story of David Petraeus is one of success and downfall Rising through ranks of the U S Army he was promoted rapidly to Commander of United States Central Command in 2008 and Commander of International Security Assistance Force in 2010 After retiring from the army in 2011 he was tapped by Barack Obama to be the Director of the Central Intelligence Agency An extramarital affair forced Petraeus to resign his post the following year This book takes a balanced look at many lives of David Petraeus Chapters discuss his passion for action finding his calling his military career and his work in Afghanistan

Surging Out of Iraq? Steven J. Costel, 2008 Due to political realities America seems about to take steps to leave Iraq within 1 or 2 years in large numbers an outward surge Yet because of the geopolitical significance of the region vast oil reserves and the rampant terrorist activities wholesale retreat will not be easy and perhaps not even desirable This book brings together important analyses dealing with the current status in Iraq as well as projecting a post war Iraq

Economics and Geopolitics of the Middle East Richard N. Dralonge, 2008 **Public Statements of Robert M. Gates, Secretary of Defense, 2006-2007** Robert Michael Gates, 2007 *Pandora's Trap* Thomas Preston, 2011-09-16 How important is presidential personality and leadership style in foreign policy decisions To answer this question Thomas Preston takes readers inside the Bush administration s decision making process and use of intelligence to better understand how administration officials justified the Iraq War and how they sought to avoid blame for the consequences of their actions Based on extensive interviews with key Bush and Johnson administration officials Preston

offers students of American foreign policy presidential decision making the dynamics of blame avoidance and future practitioners with an in depth examination of how presidential personality and leadership style impacted Bush's central foreign policy failure In addition Preston looks critically at the oft cited comparisons of Iraq to Lyndon Johnson's leadership during the Vietnam War exploring where the analogy fits and a number of important differences He shows how both presidents styles exacerbated their managerial weaknesses in these cases and the limits of blame avoidance strategies Importantly the book provides a cautionary tale for future leaders to consider more carefully the long term consequences of satisfying their short term policy desires by lifting the lid to any new Pandora's trap The United States and Iraq Since 1990 Robert K. Brigham, 2013-06-11 This book offers a concise history of US policy in Iraq since 1990 and how it has evolved over two decades Examines US relations with Iraq from both a regional and international perspective Argues that the only way to clearly understand US policy toward Iraq is to see it in its proper historical context and within a transnational framework Uses recently declassified documents at the end of each chapter to illustrate US decision making in the wars for Iraq Addresses the importance of the changing domestic climate surrounding two decades Iraq Endgame? Geoffrey Leslie Simons, 2008 A graphic and detailed account of Iraq beginning with the USA troop surge and ending with the growing political and public revolt at the continuing death toll and violence The book chronicles the harrowing events of 2007 with the death toll of troops Iraqis and the plight of Iraqi refugees
