 Relations Juval Portugali, 2013-03-09 In his beautiful book Invisible Cities Italo Calvino writes about the two cities of Valdrada
 the one which lies on the shores of a lake and the other which is reflected in the lake and contains not only the exterior of
 Valdrada on the shores but also its interior and probably its inhabitants Valdrada's inhabitants know writes Calvino that each
 of their actions is at once that action and its mirror image and this awareness prevents them from succumbing for a single
 moment to chance and forgetfulness Such mirror image relations are characteristic of the Israeli Palestinian relations and
 the awareness of this property is to my mind one of the most dominant experiences in being an Israeli As an Israeli I can
 testify that Palestinianism is a permanent resident in the personal and collective consciousness of Israelis and I have good
 grounds to suppose that Zionism plays a similar role in the personal and collective consciousness of Palestinians The Israeli
 Palestinian conflict is thus not only political but also very personal and the account I present below is no exception It is my
 personal and in this respect Israeli perspective of the conflict between Israelis and Palestinians with no pretension to a value
