Nigerian Army Question And Answer:

Nigeria Answers Questions Nigeria. Federal Ministry of Information, 1968 Federal Nigeria ,1961 **Recruiting, Drafting, and Enlisting** Peter Karsten, 2013-10-31 These five volumes concern one of the most important institutions in human history the military and the interactions of that institution with the greater society Military systems serve nations they may also reflect them Soldiers are enlisted they may also be said to self select Military units have missions they also have interests In an older more traditional military history while the second reflects a newer approach Although each statement in the pairs may be said to be true the former speak from the framework of the military sciences the latter from the framework of the social and behavioral sciences The military systems of our past differ from one another over time in political origins size missions and technological and tactical fashions but to a great extent their historical experiences have been more noticeably similar than they were different When we ask questions about the recruiting training or motivating of military systems or of those systems interactions with civilian governments and with the greater society as do the essays in these five volumes of reading on The Military and Society we are struck by the almost timeless patterns of continuity and similarity of experience In each of these volumes approximately half of the essays selected deal with the experience in the United States the other half with the experiences of other states and times enabling the reader to engage in comparative analysis

NIGERIA MILITARY REVENGE IN BENUE: A Population Under Attack , **Nigeria** Alfred Obiora

Uzokwe, 2015-08-22 This book is a collection of Alfred Obiora Uzokwe's critical commentaries about Nigerias triumphs woes and the way forward It brings his writings into one volume as a reference material for those conducting research about the country It will also serve as another tool for Nigerias policy makers in their everyday quest for better decision making The subjects of the commentaries are diverse including politics aviation infrastructure health welfare and economy Nigerians are resilient and ingenious but the country continues to flounder plagued by poor transportation infrastructure corruption unemployment inflation insecurity and poor standard of education The problems of Africas most populous nation can be traced to rudderless and selfish leaders that have continued to preside over a unidimensional economy With plummeting oil prices the nation is now in dire straits more than ever before Yearning for a change in leadership and direction Nigerians recently voted in a new government at the center headed by a former military leader who has vowed to institute change The world is keenly watching to see if the soldier turned politician would make a positive difference In spite of the difficulties of the present time Nigeria still has the potential of becoming a great economy Social media where citizens freely vent their thoughts about their leadership is slowly gaining the attention of leaders Furthermore the sometimes scathing commentaries about Nigerias leaders by the media and commentators like Alfred Obiora Uzokwe can no longer be ignored by the leaders because of their reach in this internet age Nigerian leaders are slowly being forced to listen to and pay heed to the yearnings

and aspirations of the masses and that is a step in the right direction Counter-Insurgency in Nigeria Akali Omeni, 2017-09-08 This book offers a detailed examination of the counter insurgency operations undertaken by the Nigerian military against Boko Haram between 2011 and 2017 Based on extensive fieldwork conducted with military units in Nigeria Counter Insurgency in Nigeria has two main aims First it seeks to provide an understanding of the Nigerian military's internal role a role that today as a result of internal threats pivots towards counter insurgency The book illustrates how organizational culture historical experience institutions and doctrine are critical to understanding the Nigerian military and its attitudes and actions against the threat of civil disobedience today and in the past The second aim of the book is to examine the Nigerian military campaign against Boko Haram insurgents specifically plans and operations between June 2011 and April 2017 Within this second theme emphasis is placed on the idea of battlefield innovation and the reorganization within the Nigerian military since 2013 as the Nigerian Army and Air Force recalibrated themselves for COIN warfare A certain mystique has surrounded the technicalities of COIN operations by the Army against Boko Haram and this book aims to disperse that veil of secrecy Furthermore the work's analysis of the air force's role in counter insurgency is unprecedented within the literature on military warfare in Nigeria This book will be of great interest to students of military studies counter insurgency counter terrorism African politics and security studies in general **Toward Understanding The**

Nigeria-Biafra War and Lingering Questions Joseph Nnodim, 2022-11-14 **Toward Understanding the Nigeria Biafra War and Lingering Questions** is a well researched account of the British engagement with the peoples of the lower Niger river basin which resulted in the fabrication of a Nigerian state under insincere and contrived premises The myriad ethnic groups shared nothing cherishable and never managed to find commonality of purpose or civic principle no small thanks to colonial policies predicated on divide et impera As a result the indigenous political class was bequeathed a toxic legacy of interethnic suspicion incoherence and disharmony at independence in 1960 Crisis followed crisis until the armed forces intervened and the First Republic collapsed in 1966 A further cascade of tragic events including the mass slaughter of people of the East caused that region to proclaim itself the independent sovereign Republic of Biafra in 1967 A civil war ensued and the critical developments during the crucial combat period are exhaustively chronicled The Biafran capital Enugu fell after three months of bitter fighting A war of attrition ensued lasting twenty seven more months during which at least one million babies and children succumbed to inanition The Nigeria Biafra War stands out ignominiously as one of the very rare conflicts in modern history in which one of the belligerents overtly declared its intention to starve its adversary into submission and clung to that policy even when it became abundantly clear that the victims were predominantly babies No proper accounting has been demanded or given The Igbo were the largest of the ethnic groups in the Republic of Biafra They had been in the vanguard of the struggle for Nigeria's independence and unity but paradoxically became the whipping boy in the postcolonial era when the country lost its collective mind They were subjected to untold savagery before as well as during the civil war whose

repercussions they continue to suffer to the present day Their ethnography is explored in the context of both the conflict and the entirety of their Nigerian experience A Biafran Odyssey Chidi Giniji, 2005-03 At the turn of the year 1966 Nigeria was thrown into an awful turmoil by a military coup that exacerbated the existing but cryptic ethnic resentments precipitating the hostile environments which necessitated the secession of Biafra and a year later ushered in a bloody three year war A Biafran Odyssey is the story of a Biafran youngster Chidi who convinced about the unequivocal legitimacy of Biafra's claim to self determination left home to join the army but returned two years later at the end of the war with many unanswered questions and a sobering notion about his world Chidi tells his story of Biafra the way it was never told featuring the emotional vagaries to which his comrades and himself were subjected to their woes their cries and ironically their laughs too revealing some of the weird aspects of one of the most brutal ethnic conflicts of post colonial Africa With short poems and love scenes like the short lived affair between himself and Bernadette Chidi portrays without being too salacious albeit unique with African stories some of the discomfits of transforming from adolescent into adulthood on a fast lane
