Night Light An Anthology 2014:

Afloat in Light David Adès, 2017 David Ades luminous and honest collection *Afloat in Light* is chiefly a celebration of fatherhood and of paying attention utilising Simone Weil's notion that attention is the rarest and purest form of generosity. The collection extends to existence and loss and a discourse on motive and meaning. Maps and moral compass are never far away in such explorations and like all good navigators Ades consults the moon and the stars to guide him through emotional terrain that crosses the globe via Australia India and the United States. Poems about connection and love familial intimate parental and friendship hold their weight of history via scar tissue and heritage to allow a vast and full space to fill the maps of our lives. *Afloat in Light* delicately balances that most crucial aspect of life of how the ordinary is anything but. Ades is a poet that fully harnesses the verve of small miracles. Libby Hart

Apocalypse Girl Dreaming Jennifer Brozek, Peek into the mind and dreams of award winning editor and author Jennifer Brozek. Travel from the weird west to the hidden worlds of Kendrick all the way to the far reaches of space. This collection contains twenty previously published short stories and includes the brand new Kember Empire story *Found on the Body of a Soldier*. Enjoy your journey and don't forget your survival gear. *Apocalypse Girl* is waiting. Includes a foreword by science fiction author Jody Lynn Nye. A treat for military SF weird western and urban fantasy readers. Fans of Brozek's *Karen Wilson Chronicles* won't want to miss this one. Lucy A Snyder author of *SPELLBENT*. Like opposite shores the realm of Jennifer Brozek's stories are bounded on one front by beautiful magic and on the other by nebulous horror and the tireless swell of her imagination surges against each with equal force. Eric J Guignard editor of *AFTER DEATH* and author of *BAGGAGE OF ETERNAL NIGHT*. Jennifer Brozek's stories immediately draw you in and leave you wanting more. A well written and diverse collection. *Apocalypse Girl Dreaming* has something for everyone. Janine K Spendlove author of the *War of the Seasons* series

Media and the Myth of the Pristine Night Dwayne Avery, 2025-11-04 With the rapid and ubiquitous spread of urban light pollution nocturnal darkness has become a rare and neglected experience. In response to the steady decline of gloom researchers working across multiple disciplines have sought to understand the dynamic and innovative role nighttime plays in human cultures across time. From studies on the ritualistic function of darkened caves in Paleolithic times to contemporary policy concerns over the need for nighttime mayors and tourist economies night research has emerged as a prolific line of inquiry capturing the night's distinct qualities. However while night studies brings much needed attention to human experiences with darkness little work exists outside the context of cities. The result is that explorations of rural darkness such as the media genres and styles that culturally shape the meaning of the rural night have been meager. This book provides a critical and comprehensive account of the mediation of rural darkness. Analyzing a wide range of contemporary media from astrophotography tourist advertisements and social media to editing software online databases and nature documentaries the book focuses on two competing and irreconcilable cultures of rural darkness. On the one hand many media genres contribute to a preservation

ideology based on the Western myth of wilderness Relying on the classic urban rural binary this culture of rural darkness imagines the night as a primal and ancient inheritance a distant and remote frontier free from the ills of human technology On the other hand other media genres challenge this preservationist depiction of rural darkness demonstrating that the rural night does not retreat from modern urban life but is an extension of the urban technological Promoting a hybrid intermeshed view of the night this culture of rural darkness dismantles the frontier myth by understanding pristine darkness as a cultural technology that seeks to erase the messy connections between the rural and the urban The book contends that only the latter culture of rural darkness offers a responsible and accurate understanding of the rural night Not only does the preservationist view of pristine darkness privilege natural darkness over other sustainable forms of gloom but its endorsement of the frontier myth represents a flight from history a rhetorical strategy that may actually prevent the night's protection

Diverging

Approaches of Political Islamic Thought in Iran since the 1960s Seyed Mohammad Lolaki, 2019-11-14 This book argues that Political Islam in the Iranian context evolved into three main schools of thought during the 1960s and 1970s

Adaptations in the Franchise Era Kyle Meikle, 2019-01-24 Adaptations in the Franchise

Era re evaluates adaptation's place in a popular culture marked by the movement of content and audiences across more media borders than ever before While adaptation has historically been understood as the transfer of stories from one medium to another more often than not from novel to film the growing interconnectedness of media and media industries in the early twenty first century raises new questions about the form and function of adaptation as both a product and a process Where does adaptation fit within massive franchises that span pages stages screens and theme parks Rising scholar Kyle Meikle illuminates adaptation's enduring and essential role in the rise of franchises in the 2000s and 2010s During that decade and a half adaptations set the foundation for multiplexed multiplied film series piloted streaming television's forays into original programming found their way into audiences' hands in apps and video games and went live in theatrical experiences on Broadway and beyond The proliferation of adaptations was matched only by a proliferation of adaptation as fans remixed and remade their favourite franchises online and off This volume considers how producers and consumers defined adaptations and how adaptations defined themselves through the endless intertextual play of the franchise era

Close Encounters of

the Third Kind Dana Polan, 2024-10-03 Steven Spielberg's Close Encounters of the Third Kind 1977 is a film very much of

its cinematic moment combining the gritty realism of entrapment in the everyday with furtive dreams of escape Dana Polan's compelling study of the film examines its significance to New Hollywood cinema and the science fiction genre He argues that Close Encounters is a film that is an allegory of the cinematic experience overall it both narrates a tale of visual seduction and plays it out viscerally for the spectator who shares the amazement of the protagonist Roy Neary as his mundane reality is transformed into something awe inspiring Providing an in depth look into the film's production history including all three different versions Polan situates Close Encounters within Spielberg's repertoire He argues that despite the film's popular success it is in fact a rejection of several entrenched American values including family home and marriage It offers through its visual fascination alternative understandings of masculinity and morality familial responsibility and what it means to follow the American Dream
