The Hunter's Way Craig Raleigh, 2018-10-02 Craig Raleigh puts hunting into modern perspective combining higher sensibilities and his firsthand insight into the hunting world to gently illuminate a part of human nature that was and still is among the purest of human endeavors Jim Shockey award winning writer and host of Jim Shockey's Hunting Adventures and Uncharted A thoughtful appreciation of hunting and a celebration of the outdoors that illuminates the hunter's psyche role and influence on our culture As we began to set foot in the outdoors we didn't expect to learn something beyond where the deer were running or where the ducks were flying Once we realized what these creatures really wanted it was the opening of truth for us as hunters A long time hunter and fisherman and senior writer at Wide Open Spaces Craig Raleigh has spent most of the last forty five years of his life trying to find that elusive Holy Grail of hunting that unimagined outdoor reality where one's training instinct and experience converge into extraordinary bliss and accomplishment He is the first to admit that this does not entail the capture of a deer or an ever evasive pheasant It is the freedom to give back to the outdoors as much as one takes from it For hunters a life lived in the outdoors is massively rewarding and offers non stop pleasures It comes with the love of camaraderie choice and reward and provides a deep appreciation for the nature world *The Hunter's Way* is his meditative and philosophical journey into the soul of a hunter Divided into four parts that mirror the hunting experience the background the preparation the hunt and the harvest it addresses the paradox of hunting as conservationism ruminates on the failures and successes of hunting as sport and as a way of life and reveals how hunting influences our society As Raleigh explains the hunt is so much more than the kill Most often the hunter leaves the woods and fields empty handed Rather the beauty of hunting is in the experience itself As a hunter you are constantly looking for clues Yet in nature signs are changeable confusing and never the same the second time A captivating synthesis of *On Trails* *Norwegian Wood* and *Shop Class as Soulcraft* *The Hunter's Way* is a literary reflection and love letter to the value of hunting as both sport and way of life

The Turkey Hunting Guides' Bible John Phillips, 2016-08-10 The quickest way to learn how to turkey hunt successfully is to either hunt with a turkey hunter with years of experience or a turkey hunting guide These two types of turkey hunters have solved most of the problems turkey hunters ever will face They don't always get their birds but they're far more experienced than anyone else I know Since writing this book and from hunting with some of the best turkey hunters and guides in the country I've learned that the more experience that turkey hunters have in turkey woods the more likely that they'll be successful Too each turkey hunting guide has his own style of calling hunting and outsmarting turkeys In this book you will learn that successful guides call a little and wait a lot call a lot and wait a little while call so softly you barely can hear them call so loudly that their calling will seem to knock the leaves off the trees or blow your head off run to a gobbler at

first light and try to take him as soon as he hits the ground won't even try to call a turkey while the longbeard is on the roost but will wait until the bird flies down and establishes the route he'll travel that day leave a gobbler that's reluctant to come within gun range and hunt different turkeys they believe they can call in quicker move as slowly and as quietly as possible as they go to turkeys walk fast and scratch the leaves as they walk to make gobblers think they are hen turkeys coming to them crawl to get really close to turkeys to take their shot won't crawl if they can't get turkeys to come in to their calling believe that the most important part of their hunts is teaching the people they're guiding how to hunt turkeys and believe that the most important part of the hunts is getting a tom turkey within gun range for the hunters they're guiding Just as one size of shoes won't fit every person one style of turkey hunting doesn't fit each hunter That's why we've also asked several hunters why they hunt with different turkey hunting guides each season Over the years I've learned that regardless of where and what race of turkeys you hunt each gobbler has his own likes and dislikes While reading this book make a list of the new information you've learned take that list with you during turkey season and try some of the new tactics Then you'll become a more versatile turkey hunter and prove the wisdom from The Turkey Hunting Guides Bible
