It provides an overview of career development basics, including how to write an Individual Development Plan (IDP) that is practical and useful to you. The core of the book is an easy-to-navigate catalog of fifty-one critical skills, such as communicating clearly, adapting to situations, advocating for yourself, managing time, and selling your ideas. For each skill, there are actions you can take immediately, ongoing practices, and long-term goals. Beyond the skills, there is advice for keeping your career on track, mapping a path beyond your current job, overcoming personal roadblocks, finding your passion at work, and initiating talent conversations with your manager. There are also guidelines for managers who want to bring out the best in their people. *A Field Guide to Birds of the Big Bend* Roland Wauer, 1996-02-01 This field guide offers information on the 450 bird species of the Big Bend, including behavior notes, status reports, statistics, records, and much more. **Resources in Education**, 1990
