It reviews the elements that lead to online platforms and video clouds and analyzes the software and hardware elements of content creation and interaction and how these elements lead to different styles of video content **Business Strategy in a Semiglobal Economy** Panos Mourdoukoutas, 2015-03-26 This groundbreaking text provides both theory and strategy for operating in a semiglobal economy in which international businesses must compete in highly globalized and highly localized markets at the same time. Unlike the traditional transnational and matrix corporate models, a semiglobal corporation organizes its operations according to the global local content of its value propositions rather than according to geographical regions, products, or contribution to the parent company's performance. As an example of a semiglobal corporation, the Honda Motor Company has a global vision when it comes to highly global bundles like car engines and a local vision when it comes to highly localized car financing and servicing. Designed as a supplementary text for courses in international business, development, economics, marketing, and strategic planning, *Business Strategy in a Semiglobal Economy* raises important challenges to the conventional models of business organization and the competitive strategies that proceed from them.

Daisies and Dragon Slayers of The Equator by Penny Singham Penny Singham, 2019-10-17 The story is about a Tamil immigrant family whose breadwinner, a surgeon, turned a civil servant, namely Dr. Ratnam, experiences an avalanche of changes after Malaysia's independence from Britain and how that sadly changes him and those around him, and through him, the reader gets to know the many historical events like the bloodiest race riot between the Malay majority community and their Chinese counterparts who dominated the commerce and other events of Malaya, Malaysia, from ancient times to the 21st century. The latter part of the book deals with the daughter of the family, Oormila, who runs away from an arranged marriage only to be pursued with vengeance, untold by the spurned groom, a certain interesting fellow named Kevin Venkat, aka VK, who utilizes a wizard to track and end her. So questions remain: whether she will be saved, by her family or by others? Could be the childhood friend Michael Soekatno, a debonair of a character who hails from a wealthy and mysterious family who had broken her heart whilst she was pursuing her BA in England? And who amongst the friends and family she was familiar with had helped the wizard with inside information that assisted the wizard to get closer to ending her? [Newsreview](#), 1999
