

Other important elements in *New Cutting Edge Upper Intermediate*

Listening

New Cutting Edge Upper Intermediate places strong emphasis on listening. Listening material consists of:

- short extracts and mini-dialogues to introduce and practise a new language
- words and sentences for close listening and to model pronunciation
- longer texts (interviews, stories and conversations), many of which are authentic, often in the *Preparation* section as a model or stimulus for the task
- regular *Listen and read* sections in the *Workbook* to further develop students' confidence in this area.

Speaking

There is also a strong emphasis on speaking, as follows.

- The tasks provide a regular opportunity for extended and prepared speaking based around realistic topics and situations (see page 6).
- Much of the practice of grammar and lexis is through oral exercises and activities.
- The topics and reading texts in each module provide opportunities for follow-up discussion.
- There is regular integrated work on pronunciation.
- Most of the photocopyable activities in the *Resource Bank* are oral.

Reading

There is a wide range of reading material in the *Students' Book*, including newspaper articles, factual/scientific texts, stories, quizzes, forms, notes and letters. These texts are integrated in a number of different ways:

- extended texts specifically to develop reading skills
- texts which lead into grammar work and language analysis
- texts which provide a model or stimulus for tasks and models for writing activities.

Note: for classes who do not have a lot of time to do reading in class, there are suggestions in the teacher's notes section on how to avoid this where appropriate.

Writing

Systematic work on writing skills is developed in New Cutting Edge Upper Intermediate through:

- regular writing sections in the *Students' Book*, which focus on writing e-mails and letters, writing narratives and reviews, drafting and redrafting, use of linkers, etc.
- *Improve your writing* sections in the *Workbook*, which expand on the areas covered in the *Students' Book*
- written follow-up sections to many of the speaking tasks.

Pronunciation

Pronunciation work in *New Cutting Edge Upper Intermediate* is integrated with grammar and lexis, and in the *Real life* sections in special pronunciation boxes. The focus in the *Students' Book*

is mainly on stress, weak forms and intonation, while the *Workbook* focuses on problem sounds and word stress. A range of activity types are used in the *Students' Book*, including discrimination exercises and dictation, and an equal emphasis is placed on understanding and reproducing. In addition, there are *Pronunciation spots* in the *Study ... Practise ... Remember!* sections, which focus on problem sounds. These activities are intended as quick warmers and fillers, and can be omitted if not required.

Learning skills

New Cutting Edge Upper Intermediate develops learning skills in a number of ways, as follows.

- The *Discovery* approach to grammar encourages learners to experiment with language and to work out rules for themselves.
- The task-based approach encourages learners to take a proactive role in their learning.
- Looking words and phrases up in the *Mini-dictionary* gives students constant practice of a range of dictionary skills.
- The *Study ...* sections of *Study ... Practise ... Remember!* focus on useful learning strategies, such as keeping notes and revision techniques. Learners are encouraged to share ideas about the most effective ways to learn.
- The *Resource Bank* includes five learner-training worksheets aimed at developing students' awareness of the importance of taking an active role in the learning process.

Revision and recycling

Recycling is a key feature of New Cutting Edge Upper Intermediate. New language is explicitly recycled through:

- extra practice exercises in the *Study ... Practise ... Remember!* sections. These are designed to cover all the main grammar and vocabulary areas in the module. After trying the exercises, learners are encouraged to return to any parts of the module that they still feel unsure about to assess what they have (and have not) remembered from the module.

(See Teacher's tips: using the *Study ... Practise ... Remember!* and *Mini-check* sections on page 9.)

- Consolidation spreads after Modules 4, 8 and 12. These combine grammar and vocabulary exercises with listening and speaking activities, recycling material from the previous four modules.
- three photocopyable tests in the *Resource Bank* for use after Modules 4, 8 and 12.

In addition, the speaking tasks offer constant opportunities for learners to use what they have studied in a natural way, and for teachers to assess their progress and remind them of important points.
