He charms readers with the tales behind the recipes, recalling the first time he ate a sublime baguette in Paris and the joy of his first slice of buttercream topped chocolate cake. From the first jam tart he made with his mum standing on a chair trying to reach his family's classic Aga stove through learning how to cook on his own and developing his most well known and beloved recipes, readers will be delighted by the origin stories behind Slater's work. In New Zealand, the number of people who will never have children is growing, and they're pushing back against the narrative that if they don't, their lives will be somehow less than. *Otherhood's* essays are by writers who've felt on the outside looking in, who've lived unexpected lives, and who've given the finger to social expectations. Some chose to be childfree, some didn't get to choose, and some, through bereavement or blended family dynamics, ask themselves, Am I a mother or am I other? Thought provoking, moving, and often hilarious, *Otherhood* opens a more inclusive conversation about what makes a fulfilling life.
