MYSTICISM (Complete Edition) Evelyn Underhill, 2023-12-01 Evelyn Underhill's *MYSTICISM Complete Edition* serves as a profound exploration into the intricacies of mystical experience and its significance within the spiritual journey. Blending a rich tapestry of philosophy, theology, and psychology, Underhill employs an elegant literary style that weaves historical context with personal insights. The work meticulously examines various mystical traditions, providing an accessible yet comprehensive overview of their practices and underlying principles. Through her systematic analysis, she elevates mysticism from a peripheral component of religious experience to a central pillar of spiritual understanding, firmly situating her discussion within both Western and Eastern perspectives. Evelyn Underhill was a pioneering figure in the study of mysticism, a fact that deeply informs her authoritative voice in this text. Arabian Nights, in 16 volumes, 2008-12-01 Notorious for the delight he took in tweaking the sexual taboos of the Victorian age, as well as the delight he took in the resulting shock of his bashful peers, British adventurer, linguist, and author CAPTAIN SIR RICHARD FRANCIS BURTON (1821-1890) is perhaps best remembered for his unexpurgated translation of the Eastern classic *The One Thousand and One Nights*, more famously known today as *The Arabian Nights*. Originating in Persian, Indian, and Arabic sources as far back as the ninth century AD, this collection of bawdy tales, which Burton was the first to bring to English readers in uncensored form, has exerted incalculable influence on modern literature. It represents one of the earliest examples of a framing story: as young Shahrazad, under threat of execution by the King, postpones her death by regaling him with these wildly entertaining stories over the course of 1,001 nights. The stories themselves feature early instances of sexual humor, satire, and parody, murder, mystery, horror, and even science fiction. Burton's annotated 16-volume collection, as infamous as it is important, was first published between 1885 and 1888 and remains an

entertainingly naughty read Volume XVI the sixth and final volume of Burton's Supplemental Nights includes The History of Al Bundukani or the Caliph Harun Al Rashid and the Daughter of King Kisra The Linguist Dame The Duenna and the King's Son The Tale of the Warlock and the Young Cook of Baghdad The Pleasant History of the Cock and the Fox appendices notes and indexes and more

The Basic Fault Michael Balint, 2013-04-15 In this volume Michael Balint who over the years made a sustained and brilliant contribution to the theory and technique of psychoanalysis develops the concept of the basic fault in the biopsychology structure of every individual involving in varying degree both mind and body Balint traces the origins of the basic fault to the early formative period during which serious discrepancies arise between the needs of the individual and the care and nurture available These Discrepancies create a kind of deficiency state On the basis of this concept Balint assumes the existence of a specific area of the mind in which all the processes have an exclusively two person structure consisting of the individual and the individual's

primary object Its dynamic force originating from the basic fault has the overwhelming aim of putting things right This area is contrasted with two others the area of the Oedipus complex which has essentially a triangular structure comprising the individual and two of his objects and whose characteristic dynamism has the form of a conflict and the area of creation in which there are no objects in the proper sense and whose characteristic force is the urge to create to produce
