Stalkers Kurtis Eckstein, 2020-01-07 Genres GameLit Post Apocalyptic Adventure Fantasy Waking up to discover the apocalypse had begun and to find that I was no longer human was not how I thought my day would go But then again I supposed I was thankful to just have another day to begin with considering I d apparently been a mindless monster for the last several months The city was a mess with many buildings destroyed by massive black towers that rose into the sky like enormous thorns And yet despite all this I was about to discover that the monsters and bizarre landscape weren t the strangest things about the apocalypse At least not if the visual hallucination that displayed game like stats counted Warning This book contains content that may not be suitable for all audiences including excessive profanity and some violence gore Prologue As she got into position to strike I quickly realized that stalking must truly come naturally to our kind because the little demon proceeded to expertly sneak up on the man like a ninja leaping onto his back and sinking her teeth into his neck

I could hear the snap from here as she broke his spine at the base of his skull dropping him to the ground in an instant. However the fact that I could hear it so loudly also meant that the other man did too. He whipped his head around just in time to see a four legged creature dash behind another car. Crying out in shock he fired his gun a few shots after she had already vanished only to run over to his partner in crime continuing to point his weapon towards the car. Little did he realize that she was already on the move the moment he glanced away. *Rise of the Night Stalkers* is a full length novel. Genres: GameLit, Post Apocalyptic, Adventure, Fantasy.

The Night of the Triffids Simon Clark, 2014-10. In John Wyndham's classic bestseller *The Day of the Triffids* the world has been overwhelmed by killer plants that have blinded almost the entire population. As the novel ends Wyndham's narrator scientist Bill Masen is escaping with his wife and four year old son to the Isle of Wight where a small colony of survivors is holding out. Simon Clark's sequels pick up the story twenty five years on. The survivors are safe for the time being at least on their island where they have continued efforts to combat the triffids while also striving in various ways to build a new civilization. In a Mother House for example women spend their lives endlessly giving birth. Elsewhere in the world similar colonies cling to survival while the triffids persist in their attempts to destroy humanity. One morning Bill Masen's son David now grown up wakes to a world plunged into darkness. Now the triffids have an advantage over even sighted humanity. Simon Clark has written an inventive and fast moving sequel to Wyndham's story crafting an elegant and scary tale of humanity's ongoing fightback against the triffids.
