Pediatric Skills for Occupational Therapy Assistants - E-Book Jean W. Solomon, Jane Clifford O'Brien, 2015-09-14 NEW Content on emerging areas of practice such as community systems broadens readers awareness of where interventions for children can take place NEW Content on physical agent modalities PAMS outlines the theory and application of PAMS as used by OTAs with pediatric clients NEW Pediatric MOHO assessments that are now available in the chapter on Model of Human Occupation MOHO assessments describe how these assessments can help with intervention

NEW Content on childhood obesity documentation neurodevelopmental treatment and concepts of elongation have been added to keep readers abreast of the latest trends and problems

WORK Brent Braveman, Jill J Page, 2011-12-16 Here is the first book of its kind to provide a comprehensive overview of the full range of occupational therapy interventions for work related services The authors build a foundation of knowledge based on the development of the worker role the meaning and function of work in modern day society and cultural interpretations of work They then focus on specialized areas of occupational therapy assessment and intervention including psychosocial and physical assessment and preventative programming

Occupational Therapy for Older People Christian Pozzi, Alessandro Lanzoni, Maud J. L. Graff, Alessandro Morandi, 2020-01-31 This book focuses on evidence based occupational therapy in the care of older adults in different clinical settings from home to acute hospital from intensive care unit to rehabilitation centers and nursing homes Occupational therapy has progressively developed as a new discipline aiming to improve the daily life of individuals of different ages from children to older adults The book first reviews the interaction between occupational therapy and geriatrics and then discusses in depth how occupational therapy interventions are applied in the community in the acute hospital and in the nursing home It highlights the key role of occupational therapy in the management of frail patients including critically ill older patients and persons with dementia and describes in detail how to maintain occupational therapy interventions across different settings to avoid the fragmentation of care The ageing population requires new innovative approaches to improve the quality of life and as such this book provides clinicians with handy key information on how to implement occupational therapy in the daily clinical care of older adults based on the current scientific evidence
