**The Ultimate Guide to Wild Canines, Primitive Dogs, and Pariah Dogs** Marjorie Daley,2019-08-17 Why This Book The **Ultimate Guide to Wild Canines Primitive Dogs and Pariah Dogs** is geared toward the experienced dog owner who wants to own a pure wild canine a wolf dog coydog dingoX or primitive pariah dog In this book we will examine pureblood wild

canines and their crosses and look at several primitive pariah breeds We will lay out the challenges that you can expect from these breeds including housing transporting and socializing We will also discuss the current state and provincial laws surrounding ownership of wild canines This is not a training manual If you are an inexperienced dog owner and think having a wild canine or cross is cool or a status symbol please read this book very carefully Wild canines are not for the inexperienced dog owner For the sake of the dog you plan to bring home please consider your decision very carefully These dogs are a challenge even for experienced dog handlers Wild animals and their crossbreeds do not belong in 99% of homes The rehoming options are slim and your pet wild canine may end up paying for your decision with its life Primitive dogs have a long history of living on the edges of human habitation They may not come with the same legal challenges as a wild canine but you will still have plenty of work ahead of you including training and socializing your primitive Carefully think through your decision to adopt a primitive Bringing home a couch wolf can cause problems in your home If you've accidentally gotten a primitive dog from a shelter I highly encourage you to read this book then find a reputable trainer who understands that this is not just a dog I acquired my primitive dog accidentally and while I was an experienced dog owner I was still baffled until I realized what she was and adapted to her behaviors A common domesticated dog is a huge responsibility However a wild or primitive dog requires far more work Owning one may be the greatest experience in your life but it will also be one of the biggest challenges For the sake of your future pet take the time to read this book carefully Owning a wild dog a wolf coyote dingo or even something imported from Africa might sound like an amazing opportunity Imagine the looks you'll get Imagine how much fun it will be to walk down the street with your silver coated wolf by your side However before you make that sort of commitment take some time to learn about wild dogs Bringing a wild dog into your life can have some long term legal and ethical outcomes Because wild dogs are governed by state laws The Ultimate Guide to Wild Dogs Primitive Dogs and Pariah Dogs examines the basic laws and requirements for those owning wild dogs What happens when your wolf dog mistakes cattle for their rightful prey Can you keep a coy dog in an apartment Did you know that finding vet care can be a challenge for your wild dog and that their nutritional training and exercise requirements are different Will your homeowner's insurance even cover a wild dog Before you make a commitment to a wild dog learn what you can expect from bringing an undomesticated dog into your life This book also examines pariah and primitive dogs those with specific physical characteristics who live on the outskirts of human society These dogs are somewhat more socialized than a wild dog but come with their unique challenges and interesting personalities If you've met one of these unique dogs during a trip to another country how do you go about bringing it home What sort of quarantines are in place Can they be fully associated into a home This book answers all these important questions and will help you to decide if a wild dog primitive dog or pariah dog is the right match for your home and family
