Passage (click here to show all)

1. Water droplets pattered onto the gold and brown leaves that covered the forest floor. The last shreds of cloud glided away toward the low hills, and the moon beamed down in their wake. The rain stopped just in time for the porcupine's nightly foraging to begin.

2. The dark brown, chunky figure climbed down the tree trunk and shuffled over the soggy leaf carpet. Her search for tasty vegetation that might linger in sheltered spots turned up meager pickings, however. There had already been several nights of hard frost so the animal spent more time traveling than eating. Before the night was half over, she'd wandered out of her usual territory and into a clearing where a rustic cottage overlooked a lake.

Question 11

"Reflected moonlight from the rippled surface of the lake knifed through slits in the dock."

Which statement best explains the meaning of the sentence above?

☐ A. Water was wearing away at the dock like a sharp tool.

☐ B. Moonlight revealed a knife that had fallen into the lake.

☐ C. Narrow rays of moonlight shone up between the boards of the dock.

☐ D. Moonlight reflected off the water like light glancing off a sharp knife.
