Recipe For Lemon Pepper Cleanse:

The Clean Healthy Recipes 6 Week Weight Loss Plan James Ryan, 2014-02-02 Welcome to the Clean Healthy Recipes 6 Week Weight Loss Challenge A guide to fresh healthy and nutritious eating This book is a 6 week clean eating challenge containing 100 healthy delicious easy to cook meals to help readers increase health lose weight and feel great Before you read any further this challenge is not a diet The word diet itself does nothing but set you up for failure If you look up the definition of the word diet in any dictionary you will fail to find a definition suggesting that a diet is an unrestricted yet healthy and balanced approach to what we consume with the intention of not only improving but sustaining a high level of both physical and mental health If a diet does not do this then why would you even consider dieting Yes we can all agree it would be great to lose 10kgs in a week but what s the point of losing it if you re going to put it back on What you really need to focus on when trying to lose weight is making small healthy changes that remain with you forever Educate yourself on what s good for you what s bad for you what you should consume more of and what you should consume less of and start incorporating these into your daily life It might be hard at first but you can do it Even if you only change one small habit a week by adding something that s good for you and eliminating something that s bad for you Even if it takes you twelve months to get yourself into a healthy life long eating plan at least in 12 months you will be there Remember the one thing that we have no control over is time It is the one variable that can never be controlled 12 months from reading this article is going to be 12 months from reading this article no matter which way you look at it You cannot change that However what you are doing and where you will be when that 12 month mark arrives is the variable that can be controlled What you do within that 12 months is controlled entirely by you You can either be in the same situation or you can slowly chip away at what can appear to be an impossible task so that by the time the inevitable arrives you are in a completely different situation The choice is yours and its time to take control Regardless of your current situation when it comes to healthy eating it s never too early and it s never too late
