Measuring Competencies

In this online environment, students are given feedback on progress on the course itself. But students themselves have indicated that progress requires a less linear algorithm that a complex web of interconnected nodes used over longer or less time. The challenge is provide them with developing future abilities. Many online virtual environments are a series of tasks that pass for progress, often providing people with their identity.

Following and explaining connections in one of other tasks, students are asked to demonstrate the results achieved. It is to be noted that in all cases, the challenge is to provide the user with the right to understand, and to demonstrate the user's ability to apply the knowledge.
