Abdel-Khalek, 2020-11-09 Measurement is an important concern for the progress of psychology both as a basic science and as a field of application The development of psychological research and practice would not be possible without sound assessment and measuring procedures This book presents a collection of personality and psychopathology scales developed originally in Arabic and translated into English since self reports and questionnaires play a prominent role in psychological research and practice as they are simple and cost less than other methods of assessment Furthermore these scales are suitable in surveys and epidemiological studies with large samples This book will be useful in different disciplines such as psychology psychiatry epidemiology gerontology social work and social sciences **Obsession in Death by J.D. Robb**, 2015 This companion to Obsession in Death includes Summary of the book Character Analysis A Discussion on Themes and much more **People of the State of Illinois V. Ramsey**, 2009 **The New Light on Immortality** John Herman Randall, 1921 Cultures and Literatures in Dialogue Elena Bollinger, 2022-12-30 This book addresses the narrative construction of Russian cultural memory in the work of Julian Barnes It investigates how Barnes s texts tend to display a memory process as a transcultural mode of the creation of English and Russian national identities Examining a need to revisit Russian canonical works the detailed discursive analysis of the selected English texts exposes an intertextual remembering by duplication thus contributing to the prevention of forgetting through the recuperation of still misrecollected cultural meanings By creatively incorporating Russian intertextual elements into his work as a novelist the author seems to insist on sweeping across and beyond national boundaries revealing how frail the invention of tradition is when leading to the illusion of a solid collective memory and its political legitimation The book considers not only a constructive dialogue between Barnes s fiction and Russian classical literature but also this writer s interpretative mostly imaginative integration of Russian literature and culture into his work as a novelist Exploring the double meaning of a literary metaphor as a mnemonic image of memory and a product of imagination it offers a comprehensive analysis of Barnes s texts which play with intertextuality as an efficient tool of displacement of official memory providing a deeper understanding of historical and cultural processes related to the constantly moving architecture of transcultural memory **Unvanquished** Boutros Boutros-Ghali, 1999-06-01 For years the United States has treated the United Nations as an extension of its own foreign policy while other member states especially smaller less influential countries have looked to the United Nations to represent their collective interests This conflict escalated in the fall of 1996 when the United States unilaterally decided to deny Secretary General Boutros Boutros Ghali a second term In this book Boutros Ghali argues that U S policy toward the United Nations threatens the fragile fabric of the international organization By selectively consulting the Security Council the United States has frequently condemned the United Nations to the status of scapegoat in international affairs notably during peacekeeping missions in Bosnia Somalia and Rwanda Meanwhile the United Nations s financial crisis persists as the United States fails to pay its bills

while seeking to further increase its already considerable influence within the organization In October 1995 President Clinton lavishly praised Boutros Ghali for his outstanding leadership and thanked him for his vision Yet a mere four months later the Clinton administration decided that Boutros Ghali would have to go What happened in that short time to convince the United States that the secretary general was now a liability United States domestic electoral politics were decisive While campaigning for the primaries Bob Dole was scoring heavily by repeatedly ridiculing Boutros Ghali To neutralize Dole's challenge Clinton denied the controversial secretary general a second term vetoing his reelection in the Security Council despite unanimous support from its other members Boutros Ghali reveals the dramatic conflict and the personalities involved and considers the future of the United Nations in light of American domination

COVID-19 and Existential Positive Psychology (PP2.0): The New Science of Self-Transcendence Paul T. P. Wong, Claude-Hélène Mayer, Gökmen Arslan, In the era of COVID 19 many people have suffered high levels of stress and mental health problems To cope with the widespread of suffering physical psychological social and economical the positive psychology of personal happiness is no longer the sole approach to examine personal wellbeing Other approaches such as Viktor Frankl's theory of self transcendence provide a promising framework for research and intervention on how to achieve resilience wellbeing and happiness through overcoming suffering and self transcendence The existential positive psychology of suffering complements the positive psychology of happiness which is championed by Martin Seligman as two equal halves of the circle of wellbeing and optimal mental health This Research Topic aims to examine the different approaches to Positive Psychology and their influence on individual wellbeing during the COVID 19 era One of the exciting development in the positive psychology of wellbeing is the mounting research on the adaptive benefits of negative emotions such as shame guilt and anger as well as the dialectical process of balancing negative and positive emotions As an example based on all the empirical research and Frankl's self transcendence model Wong has developed the existential positive psychology of suffering PP2.0 as the foundation for flourishing Here are a few main tenets of PP2.0 1 Life is suffering and a constant struggle throughout every stage of development 2 The search for self transcendence is a primary motive guided by the meaning mindset and mindful mindset 3 Wellbeing cannot be sustainable without overcoming and transforming suffering In this Research Topic we welcome diverse approaches discussing the following points The dialectic process of overcoming the challenges of every stage of development as necessary for personal growth and self transcendence The role of self transcendence in resilience virtue meaning and happiness The upside of negative emotions The new science of resilience based on cultivating the resilient mindset and character How to make the best use of suffering to achieve out potentials mental health
