Oceano Mare Alessandro Baricco:

Ocean Sea Alessandro Baricco, 2024-12-18 From the author of the international bestseller *Silk* Vividly erotic Los Angeles Times A heartbreaking love story a literary gem of bewitching power The Sunday Times London comes a haunting suspenseful tale of love and vengeance A handful of disparate lives converge at a remote seaside inn a lovelorn professor a renowned painter an inscrutable seductress And a beautiful young girl fatally ill brought to the sea by a desperate father s last hope An intricate web of destinies and associations begins to reveal itself but it is not until the arrival of a mysterious sailor called Adams that the truth in all its dreamlike beauty and cruelty becomes clear Adams may furnish the key to the girl s salvation but only the fulfillment of his obsessive secret purpose to answer murder with murder can conclude the journey that has brought him from the ends of the earth At once playful and profoundly serious Alessandro Baricco s new novel surges with the hypnotic power of the ocean sea The Mirage of America in Contemporary Italian Literature and Film

Barbara Alfano, 2013-07-15 The *Mirage of America in Contemporary Italian Literature and Film* explores the use of images associated with the United States in Italian novels and films released between the 1980s and the 2000s In this study Barbara Alfano looks at the ways in which the individuals portrayed in these works and the intellectuals who created them confront the cultural construct of the American myth As Alfano demonstrates this myth is an integral part of Italians discourse to define themselves culturally in essence Italian intellectuals talk about America often for the purpose of talking about Italy The book draws attention to the importance of Italian literature and film as explorations of an individual s ethics and to how these productions allow for functioning across cultures It thus differentiates itself from other studies on the subject that aim at establishing the relevance and influence of American culture on Italian twentieth century artistic representations

The Reception of Joseph Conrad in Europe Robert Hampson, Véronique Pauly, 2022-05-05 Born and brought up in Poland bilingually in French and Polish but living for most of his professional life in England and writing in English Joseph Conrad was from the start as much a European writer as he was a British one and his work from his earliest fictions through *Heart of Darkness* *Nostromo* and *The Secret Agent* to his later novels has repeatedly been the focal point of discussions about key issues of the modern age With chapters written by leading international scholars this book provides a wide ranging survey of the reception translation and publication history of Conrad s works across Europe Covering reviews and critical discussion and with some attention to adaptations in other media these chapters situate Conrad s works in their social and political context The book also includes bibliographies of key translations in each of the European countries covered and a timeline of Conrad s reception throughout the continent

Voicing the Word Marina Spunta, 2004 Drawing on the recent renewal of interest in the debate on orality and literacy this book investigates the varying perceptions and representations of orality in contemporary Italian fiction providing a fresh perspective on this rich and fast developing debate and on the study of the Italian literary language The book brings together a number of complementary approaches to orality from the fields of linguistics literary and media studies and offers a detailed analysis of a broad variety of authors and texts that appeared over the last three decades ranging from internationally acclaimed writers such as Celati Duranti and Tabucchi through De Luca and Baricco to the latest generation of writers such as Campo Ballestra and Nove By exploring the complementary facets of Italian orality and its diachronical developments since the seventies this study questions the traditionally dichotomic approach to the study of orality and literacy and posits a more flexible cross modal approach that accounts for the increasing hybridisation of text forms and media and for the greater interaction between the spoken and the written as well as their representations
