Ocr Core Mark Scheme May 2013:

OCR Psychology: AS Revision Guide Cara Flanagan, 2013-10-08 This is a comprehensive student revision guide for those taking the OCR AS Psychology exam. It summarises the specification material clearly and attractively so that information can be easily digested and retained. Packed full of revision tips and techniques, the book includes a number of unique and helpful features: Overviews of the OCR specification content; Coverage of all the core studies; A separate chapter dedicated to research methods and preparing for the exam; A large number of exam style questions and answers annotated with teacher comments; Separate sections for each unit exam on how to answer questions successfully; A comprehensive glossary of important terms and their definitions to aid understanding of the material. *OCR Psychology AS Revision Guide* provides the detailed information which will aid students in their preparation for the exam. Although a companion to *OCR Psychology AS Core Studies and Psychological Investigations Third Edition* by Philip Banyard and Cara Flanagan, this revision guide can be used alongside any OCR AS Level Psychology textbook.

OCR Psychology Philip Banyard, Cara Flanagan, 2013-09-05 *OCR Psychology Third Edition* is endorsed by OCR for use with the OCR AS Psychology specification. This book prepares students for all elements of the OCR Psychology AS exam. It covers both research methods and core studies, giving the who, what, where and even the why of each study. It also looks at some of the work that followed the studies. Key features of the book include: *Psychological Investigations* the first chapter of the book helps students to understand research methods in psychology; useful support for the *Psychological Investigations* exam and for understanding the core studies themselves; *Core Studies* each study is described first in a nutshell followed by a detailed account of the aims, method, results and conclusions; Guidance is given on how each study can be evaluated and a wealth of extra materials is provided for each study; questions to assess understanding; practical activities; multiple choice and exam style questions; further reading and video links; Background to each core study is included in the Starters and Afters; features information about related research before and after the study and biographical details of the researcher's Approaches; perspectives, issues and methods are considered in a brand new chapter to cover the themes of the course and prepare students for the long answer questions on the *Core Studies* exam; Exam guidance: each chapter ends with short and long answer exam style questions answered by students with teacher feedback. The book is presented in colourful and well structured magazine style spreads to aid the learning process. This 3rd edition has been completely revised and is now accompanied by a companion website featuring an extensive range of online resources for both teachers and students including answers to the questions posed in the book, glossary, flash cards and multiple choice test banks.
