that I taught plus my vast knowledge of the culinary arts that I acquired through working as an Executive Chef All of the recipes are easy to use and result in great food I tell you a little history of each recipe and what type of class it was created for I taught a variety of classes including baking and pastry classes and many of those recipes are in this book At the end of many of the recipes I've included notes that may give the reader information on certain ingredients or tell them how to prepare part or all of the recipe in advance This book also has a Tip and Advice section that touches on some important aspects of cooking I tested all of the recipes in this book before conducting the classes that they were featured in In addition many class participants went home and made the recipes and reported how the food turned out so I know that these recipes are great and really work This is so important as it seems that there are a lot of cookbooks out there where the recipes are not tested before hand To this day I use these recipes at home because the resulting dishes are so tasty This is a book that can be used for everyday food and also for special occasion dishes It has quite a few healthy recipes too As I am a chef and a registered dietitian I was called on to teach a lot of classes featuring healthy foods so I have included those recipes as well I have made the recipes simple and have not used any hard to find ingredients I really want people to enjoy reading this book and using it a lot

None of the photography has been staged every photo was taken just before the food was eaten so again there is honesty in the way it is presented Most of the recipes are cooked using the more gentle indirect barbecue method positioning food away from the fire thus reducing the risk of creating a bitter flavour caused by over charring or burning So whether you want to cook outside on your barbecue or indoors in your kitchen there will be something in this book for you I hope you enjoy recreating some of these recipes as much as I have enjoyed sharing them with you *One Pot Chef* David Chilcott,2012 The One Pot Chef returns with a new collection of devilish desserts and tempting treats based on the recipes from the smash hit web series The One Pot Chef Show as seen on YouTube Featuring full color photographs of every recipe plus easy to follow instructions Just Desserts will have you in the kitchen whipping up something amazing in no time Whether you are a hardcore chocoholic or simply looking for sweet inspiration Just Desserts covers all bases Includes a handy measurement and temperature conversion chart so anyone in the world can use this book
