It acts as the medium to make our ideas, thoughts and feelings understood and appreciated. Like art, language can touch the heart and inspire the soul. And at the heart and soul of a language lies its grammar. Grammar helps the learners build a firm foundation for using the language. It is therefore very important for learners to develop the grammar skills that they need in order to express themselves meaningfully and creatively. Step up English Grammar and Composition 1-8 is an NEP-aligned, carefully graded grammar series developed to address the need of a systematic and step-wise strategy for understanding grammar. The series is based on the eclectic approach to language acquisition and presents a smooth blend of the inductive as well as the deductive method of teaching and learning the language. Each concept has been covered in detail and great care has been taken to offer the relevant core concepts for the learners at each level. Last but not least, the utmost care has been taken to encapsulate in the series the key parameters laid down in National Education Policy (NEP) 2020. The NEP places the learner at the heart of the teaching-learning process. In recent years, there has been a paradigm shift towards designing a learner-centric curriculum that is based on an activity-based approach. There is also an equal emphasis on equipping young learners with essential twenty-first-century skills. The text as well as the activities in the book promote the holistic development of the learners. Besides, there is a lot of emphasis on enhancing the creativity, critical thinking and
