Nsc Feb Mar 2papers And Memo:

Caught in the Middle East Peter L. Hahn, 2006-02-01 Postwar American officials desired in principle to promote Arab Israeli peace in order to stabilize the Middle East This book shows how during the Truman and Eisenhower administrations the desire for peace was not always an American priority Instead they consistently gave more weight to their determination to contain the Soviet Union

Eisenhower's Fine Group of Fellows Valerie L. Adams, 2006-01-01 In this insightful analysis author Valerie Adams examines how President Dwight Eisenhower succeeded at formulating a cohesive strong and financially sound national security strategy through the utilization of civilian advisors cutting edge science and technology and exemplary leadership

Double-Edged Sword Appu K. Soman, 2000-08-30 An examination of the political and diplomatic role of American nuclear weapons in conflicts with a non nuclear China in the Korean War and the Taiwan Strait crises of 1954 1955 and 1958 this study analyzes the American tendency to become involved in confrontations with far weaker powers over issues of very little strategic significance to the United States Washington threatens these adversaries with the use of incommensurate levels of force then ultimately backs down in the face of international and domestic opposition to ill considered plans to use force Unlike works on nuclear history that have either focused on superpower nuclear conflicts and ignored cases of American nuclear diplomacy toward non nuclear adversaries or those that have focused merely on the outcomes of nuclear threats against non nuclear powers this book considers in depth American nuclear diplomacy toward China during the whole period of Sino American military confrontations Soman offers new insights on Truman's decision to enter the Korean War the extent of nuclear diplomacy during the war and the way in which the war ended He argues that the goal of American nuclear diplomacy in the spring of 1955 was to provoke a war with China rather than to deter a Chinese attack on Taiwan Finally he lays out for the first time in print the elaborate diplomacy that Secretary of State John Foster Dulles initiated to defuse the 1958 crisis involving a major shift in American policy that still remains hidden from the public as well as historians Highlighting the central role of nuclear diplomacy in these crises this book draws conclusions on the efficacy of such diplomacy the impact of these crises on the development of policies of massive retaliation and limited war the

consequences of Dulles's brinkmanship and the revival of nuclear diplomacy by the Clinton administration in conflicts with non nuclear adversaries **The CIA and the Marshall Plan** Sallie Pisani,1991 Pisani shows how the U S added a Cold War Corollary to the principle of self determination massive foreign aid and nonmilitary covert operations to reshape war torn Europe in the image of the U S She tells for the first time the story of the top CIA operatives who were instrumental in developing the non military covert intervention policies of the early Cold War years and the Office of Policy Coordination that carried them out *Rationality, Bureaucratic Politics, and Cognitive Processes in Foreign Policy Decision-making* Hyun Kim,1996 The U.S. Government and the Vietnam War: 1945-1960 William Conrad Gibbons,1989 This is a study of U S government policymaking during the 30 years of the Vietnam war 1945-75 beginning with the 1945-1960 period Although focusing on the course of events in Washington and between Washington and U S officials on the scene it also depicts major events and trends in Vietnam to which the U S was responding as well as the state of American public opinion and public activity directed at supporting or opposing the war Preface
