

Public Service Announcement

After analyzing the wage and unemployment graphs, work with a partner or small group (3-4 students) to create a public service announcement to your school that accomplishes the following:

- Explains the information on the graphs and why it's important for your fellow students.
- Urges them to get as much education after high school as possible. The education can include college, a vocational school, certification, or apprenticeship training.
- Be creative and have fun! You will present your public service announcements to the class.
